

THE UNITED STATES VIRGIN ISLANDS

OFFICE OF THE GOVERNOR GOVERNMENT HOUSE Charlotte Amalie, V.I. 00802 340-774-0001

May 27, 2016

Honorable Neville James Senate President 31st Legislature of the U.S. Virgin Islands Capitol Building St. Thomas, VI 00802

Dear Senate President James:

I am pleased to submit to you the proposed *Executive Budget for Fiscal Year 2017* for the Government of the Virgin Islands of the United States ("Government"). When my Administration took office in January 2015, we were confronted with a budget deficit of approximately \$133.0 million for Fiscal Year 2015 – this amount ultimately grew to \$144.0 million. We implemented expenditure reductions in departments and agencies, solved our financial impasse with Hess Oil/HOVENSA, settled long standing obligations with taxpayers, creditors, vendors and our public employees and introduced other fiscal measures to reduce this structural deficit. Given our fiscal discipline and fiscal prudence, we now can state that the FY 2017 structural budget deficit will be \$110.0 million which is a reduction of \$34.0 million or 24.7 percent less than 2015.

The FY 2017 Budget proposed by my Administration will be structured to lay a foundation for a future in which annual budget deficits are not the norm. Thus, shaped by our five-year economic development plan, our continued thrust will be to implement plans to reduce the anticipated 2017 deficit, with the proviso that by 2020, we should have a balanced budget where revenues are equal to expenditures.

The Fiscal Year 2017 Executive Budget submission proposes a financial plan of \$1.35 billion in expenditures and debt service cost. The budget is comprised of \$1.16 billion (86%+/-) of local funds, and \$193.5 million or (14%+/-) of Federal Grant funding.

Many of us are aware of the effects that the global recession, the high cost of electricity in the territory, and the closure of the HOVENSA refinery had on our lives. For many years we have used the negative effects of the economic downturn as our excuse as to why our citizens' quality of life was deteriorating and why government could not do its job as well as meet its

.....

obligations. Many of our political leaders, even today, take great comfort in telling our citizens that things are bad and that it is someone else's fault so citizens just have to hold on and wait for a better day.

Well, my Administration says no more. Let's stop making excuses and let us all agree to make some tough decisions and most importantly, get to work. My Administration will lead this charge. The budget as submitted to you today is about work. It provides additional resources to our departments and agencies so our employees can better serve our community. This budget acknowledges the hard work and valued importance of the third sector of our community; our not-for-profit sector. This sector provides many important services and takes care of vital social responsibilities that are inappropriate for the private sector and most inefficient in the public sector. In the proposed FY 2017 budget, we have increased in almost every category our contributions and grants to the not-for-profit community. We have placed more emphasis and provided more support to programs and activities that support and nurture our children. We have increased support for programs and intervention services to aid families in crisis, target domestic violence and give help to those suffering with substance abuse. We are expanding our services and support for our senior citizens and expect in this budget to open more centers and provide additional services.

In this budget, we also acknowledge government's responsibility to provide services and support systems to effectively deal with our ever growing population of stray and/or abused animals.

In this message, I could spend a great deal of time detailing how many thousands of jobs we have lost; how many businesses have closed; and how many of our citizens have relocated to the mainland seeking a better life. But those days are receding.

In this message, we want to note the 590 new employees we hired in the last half of FY 2015. We want to pay attention to the 876 vacant and funded positions we are attempting to fill in our current budget and the 885 new positions now included in my FY 2017 proposal¹.

In this message, I want to reaffirm to public employees that the salary increases you are receiving are sustainable; to taxpayers that paying your income tax refunds timely is vital to our economic recovery and reduces the cost of government; and to private sector employees a reaffirmation of our enactment in the increase of the minimum wage.

In this message, I ask each Member of the Legislature to assist my Administration and the people of St. Croix grow the economy of the big island. Let us seize the opportunities before us by making critical decisions in a timely manner. Change is required in order to save what is left of St. Croix's tourism industry. The island needs a set of at least three luxury, full-service

¹ A combination of unfilled vacant funded positions of the FY 2016 budget and new positons proposed in the FY 2017 budget

.....

resorts that will generate synergy on the island and enough base visitation [accommodations] to support flights².

We are at a stage on St. Croix, when no one can miss the increased visitor traffic to the island. We are aware that hotels and condo rentals are boasting occupancy rates exceeding 75%, even with higher rental costs per stay. We are pleased that major airlines are announcing new routes and additional flights to the island. The Department of Tourism led by Commissioner Doty is capturing new and expanding air routes to the territory and to St. Croix. This upward thrust in the tourism sector is the foundation for a growth momentum in the economy.

So, here is my fourth request to the Legislature to act on my proposal to reprogram \$1 million previously earmarked for the HOVENSA litigation so we can develop, identify a brand, work to finance and build a full service luxury resort on St. Croix.

I do not understand why I am having such difficulty with Senators from the District of St. Croix in moving this project forward. Building an upper upscale hotel of at least 250 rooms and the ancillary facilities will create hundreds of new jobs, drive construction activity and generate a synergy for other private sector tourism related investment on the island. The reality is, St. Croix needs the rooms.

In this message, I want to focus on our proposal to restructure our debt, to take advantage of lower interest rates, to fund new capital projects and to reduce our debt service cost by more than \$50 million each year.

The restructuring of our debt can, on average, reduce our cost of funds from 5.25% to 3.98%. With this budget, I am submitting a request to fund \$300 million in capital projects and investment in our infrastructure.

The capital projects will reach a broad swath of the economy. It will address a number of obligations under various consent decrees including our landfills, prisons and police department. This budget will address the cost of maintenance and restoration of a number of public schools, including the shuttered Elena Christian Jr. High, the Evelyn Williams and Joseph Gomez Elementary Schools. In addition, we have identified local land to construct the new K-8 grade school on the island of St. John. Accordingly, I am requesting \$32 million to construct the new school.

Our capital budget will fund the International Multipurpose Sports Complex at UVI on St. Croix, the revitalization of the Hospital Ground Community, Lionel Roberts Stadium and Winston Raymo Recreation Center on St. Thomas. We will host a community charrette in Christiansted for improvements to the Susana Santana Ocasio Park at Altona Lagoon and Cramer's Park and we are requesting funds for the construction of the emergency operation

facilities for VITEMA/911 call center at Herman Hill and the offices of the Department of Justice in Estate Orange Grove.

This cross-section of the capital expenditure budget is part of our plan to stimulate the territory's economy by improving and investing in our infrastructure. In short, we want to circulate money to create jobs and produce an improved infrastructure that will attract investments in the private sector to grow our economy. We believe this is important to add momentum to our economic recovery.

Soon we will see active construction of the new 150 room Embassy Suites hotel at Mahogany Run on St. Thomas. We have also pledged our support to working with the owners of the Sugar Bay Hotel to revitalize and re-brand this property. I depart in a few days on a trade mission to China to work with Sinopec on additional investment and expansion of the use of the Limetree Bay Facility.

Research (BER) indicate improvement in territorial employment and growth in the private sector. Support of this data is measured by an increase in tax collections across critical areas as reported by the Virgin Islands Bureau of Internal Revenue.

As a Government, we know that we need to work to end duplication of services, and simultaneously improve governmental operations and services. I admit that I am disappointed at the slow pace we are moving to shift many public services and administrative functions of government to the digital divide. We will do more in this area to maximize our benefits from viNGN.

The drive of our fiscal recovery and sustainability strategy is we invest in our infrastructure and grow our economy, while we pursue tax revenues owed to our government.

The Bureau of Internal Revenue has implemented a high priority initiative to increase its tax collection on delinquent accounts. The Bureau continues to hire new Revenue Agents, Revenue Officers and Tax Collectors with the expressed purpose of aggressively pursuing delinquent taxpayers. These personnel, new training of staff, and technological surveillance are expected to generate an additional \$25 million in Fiscal Year 2017.

In addition, the Bureau has hired new Excise Tax Officers who are working a six-day work week to collect excise taxes on goods that arrive on weekends and have escaped excise tax payment in the past.

Collecting taxes owed and collecting taxes which are due are not the primary path to fiscal recovery; growing our economy is. This will continue to be the principal focus of my Administration.

.....

As I said in January during my State of the Territory address; we are, and will remain open for businesses that have sound business plans and businesses which will bring investment capital to the table.

I must ask my friends at the Legislature to resist the temptation to divert funds away from the general funds to support other initiatives. When we do this, both of us must struggle to find resources to provide critical government services to the community.

We will continue to leverage the federal funds available to us and find strategic ways to stretch our local dollars thereby easing the fiscal stress on the local budget. In 2017, we will continue our aggressive campaign to acquire and spend federal funds.

I am pleased to advise the Senate that we have executed a contract with Mercer, a consulting company to complete the analysis and comparisons on the effective strategies of restoring public pension programs, which are facing financial insolvency. It is my plan to forward to the Senate this fiscal year a comprehensive strategy to restore the financial health of the Government Employees Retirement System. Again, I ask that Members of the Senate refrain from diverting funds from the General Fund to the GERS on an ad hoc basis to rescue the GERS, because this strategy will not save the system.

With this second budget, we have positioned the Territory to provide adequate funding to all departments and agencies. But, we are mindful of the significant structural and fiscal overhang in our annual operating deficits.

As you consider this budget for Fiscal Year 2017, I want you to know that I remain committed to working with the Legislature to implement vital changes to expand the economy through sound financial stability, and a sound plan for economic viability. As we move into the future, let us continue to pursue our joint desire of making our home and economy a marquee example of a cohesive approach to cooperation and development. Let us forge ahead and not stand and complain, for in forging ahead we will be able to turn obstacles into opportunities for the wonderful people of the US Virgin Islands.

Cordially,

Kenneth E. Mapp

May 27, 2016

Dear Governor Mapp:

I hereby submit the FY 2017 Executive Budget for the Government of the Virgin Islands for your consideration and submittal to the 31st Legislature of the U.S. Virgin Islands, pursuant to Title 2, Chapter 2, Section 24 of the Virgin Islands Code.

This budget occupies an area within the triangle framed by: the current condition and near-term outlook of the VI economy; the spending constraints required by the structural fiscal imbalance in the General Fund; and the urgent need to begin to address critical deficiencies in basic services that the community expects from its government. Embodying the theme "Creating Opportunities, Building Hope", the proposed FY 2017 spending plan aggregates to \$1.35 billion; \$1.16 billion from local funds and \$193.5 million from Federal grants funding.

Economic Review and Outlook

The Virgin Islands Bureau of Economic Research (BER) reports that the contraction of the Virgin Islands economy, which was triggered by the global recession of 2008 and perpetuated by the closure of the HOVENSA refinery in 2012, has continued; but at a much slower rate. During the slide period, 2007- 2015 the Virgin Islands economy, as measured by real GDP adjusted for inflation, contracted by -1.69% and lost 8,000 jobs – primarily well-paying jobs in the manufacturing, construction and industrial sectors.

Recent economic indicators show mixed results. For the first two quarters of the current fiscal year, hotel room tax collections were up by 17% and trade and excise tax revenues were up 8%. On the other hand, collection from individual income, corporate income and gross receipts taxes were down, by 1.7%, 25.5% and 1.5%, respectively. Nonagricultural jobs declined, albeit minimally (less than 1%) however, employment in the tourism and hospitality sector held steady. Air visitor arrivals were up 1.4%, while cruise passenger arrivals were down 3.9%. The number of homes sold remained unchanged, but the average sale price decreased; except that average condominium sales prices increased by 6.5%.

The economy is expected to benefit, in the near term, from several significant multi-million dollar public sector projects, which are already funded and shovel-ready. These include: two multi-purpose sports and recreation complexes on St. Croix, \$60.0 million of road development projects on St. Croix; and \$40.0 million waterfront road development on St. Thomas.

The VI economy is likely to get an additional lift from a steadily rising US economy. The BER summarizes the near term outlook as follows: "Fiscal and employment challenges will persist in 2017. The tourism sector is expected to continue to improve due to strong marketing by the Department of Tourism. The losses of jobs in various sectors may linger in 2017, but the many public sector initiatives will mitigate any significant job loss. **Growth, therefore, may continue to remain slow and uneven at about 1% to 2%."**

Budget Overview

The grand total FY 2017 Budget of the Government of the U.S. Virgin Islands (the "FY2017 Budget") is \$1.35 billion in current year expenditure and debt service. This is funded from \$1.16 billion of local Funds and \$193.5 million from Federal grant Funds. The local Funds portion is composed of expenditure and debt service totaling \$844.9 million from the General Fund, \$112.8

million from Other Local Funds and \$203.4 million from Funds not subject to annual appropriations³.

The \$844.9 million General Fund expenditure budget – the main operating budget of the GVI – includes proposed expenditure of \$715.5 million for Executive departments and agencies, \$60.9 million for the Legislature and the Judiciary combined, and \$68.5 million for long term (Gross Receipt Tax Bonds) debt service.

Revenue Estimates

The FY 2017 revenue estimates, on which the budget is based, assume some increase in direct and indirect taxes from a combination of increased employment in the industrial and government sectors, expiring EDC tax benefits, and more aggressive collections by a strengthened IRB staff. The General Fund will also benefit from proposed legislation accompanying the Budget, which will redirect resources that are currently being siphoned off to other Funds.

FY2017 General Fund revenues and transfers, net of \$60.0 million set aside for tax refunds and credits, and \$68.5 million set aside for debt service on Gross Receipts Tax Bonds, are estimated

³ These include the following Funds: Tourism Revolving, Indirect Cost, Union Arbitration, Government Insurance, PSC Revolving, Government Insurance, Business & Commercial Properties, St. John CIP, Anti-Litter & Beautification, Sewer, Health Revolving and the Territorial Park.

at \$667.8 million. This total is composed of \$425.8 million from net direct taxes,⁴ \$152.0 million from indirect taxes,⁵ and \$90.0 million from other revenues and transfers. The *direct tax* component is composed as follows: \$351.5 million from individual income taxes, \$74.3 million from corporate income taxes and \$60 million from real property taxes, for a gross amount of \$485.8 million. The net amount available, after offsetting \$60.0 million for tax refunds and credits, is \$425.8 million.

The *indirect tax* component is composed as follows: \$24.9 million from trade and excise taxes, \$184.2 million from gross receipts taxes and \$11.5 million from other taxes; for a gross amount of \$220.6 million. A mandatory set aside of \$68.5 million for Gross Receipts Bonds debt service leaves a net available amount of \$152.0 million.

The *other revenues and transfers* component consists of: \$33.9 million from various duties, fees and charges, \$45.0 million in net transfers from other local Funds, and \$11.7 million from miscellaneous other sources. The primary transfers are from: the Matching Fund \$8.5 million; the Transportation Trust Fund \$15.8 million and the Insurance Guaranty Fund \$12.0 million.

The structural imbalance in the General Fund, persists in Fiscal Year 2017. The estimated net revenues available from these sources are insufficient, by \$110 million, to cover the estimated expenditure required to pay for government operations in the fiscal year. This difference is to be made up by proposed *debt financing and restructuring*, as follows: \$55.0 million in budgetary savings resulting from a proposed long term debt restructuring and \$55.0 million from working capital financing.

With respect to the debt restructuring, financial analysis indicates that an opportunity exists, in today's municipal bond market environment, to restructure outstanding Matching Fund and Gross Receipts Tax Bonds to produce aggregate *budgetary*⁶ savings of approximately \$220.0 million through Fiscal Year 2020; an annual average of \$55.0 million. The reduction in debt

service obligation will allow for increased transfers of Matching Fund cover over receipts and Gross Receipts Tax receipts to the General Fund.

Expenditure Estimates

General Fund

May 27, 2016

The FY2017 expenditure budget reflects the constraints imposed by the revenue estimates. Accordingly, in the aggregate, amounts budgeted are minimally above recent levels. Accordingly, the total FY 2017 General Fund expenditure budget, excluding \$68.5 million for long term debt service, is estimated at \$776.4 million. This total is \$25.9 million or 3.5% more than the current level of FY 2016 appropriations. Approximately \$715.5 million is allocated to the Executive Branch and \$60.9 million is allocated to the Legislative and Judicial Branches combined.

The Executive Branch amount is composed as follows: \$427.3 million (59.7%) for personnel services cost (salaries, employee benefits and payroll taxes); \$155.6 million (21.7%) for supplies, services and charges; \$26.0 million (3.6%) for utilities cost; \$2.0 million in routine capital additions; \$104.6 million (14.6%) for contributions to semi-autonomous agencies, boards and commissions. The semi-autonomous agencies include the University of the Virgin Islands, VI Waste Management Authority and both district hospitals. Other entities funded under the Executive Branch include the Election System (including the Board), the VI Inspector General and the Board of Education (including Career and Technical), PERB and the Labor Management Council.

In addition to fully funding the salary increases recently granted to GVI employees, the Budget funds approximately 885 vacant and new positions, including: 134 positions to the Department of Education, of which 79 are for elementary and secondary education teachers; 191 positions to the VI Police Department and the Bureau of Corrections combined, including 31 correction

officers and 80 police officers; 215 positions for the Departments of Health and Human Services combined; and 74 positions to the Department of Public Works.. Other noteworthy inclusions are as follows:

- \$1.9 million to the University of the Virgin Islands mostly to fund faculty salary increases;
- \$1.0 million to Bureau of Corrections for off-island inmate housing;
- \$6.0 million for local match for Federal MAP funding;
- \$2.7 million to the Department of Health for Court-ordered placement of patients at offisland behavioral health facilities.
- \$37.4 million for contribution to retirees Health Insurance; and,
- \$7.6 million for insurance for Government buildings and properties.

Other (Appropriated) Local Funds

In addition to the General Fund, there is a total of \$112.8 million budgeted from *Other Local Funds*. The source of funding is a collection of about a dozen special purpose Funds⁷ established by the Legislature. In summary, the budgeted uses are as follows: \$86.5 million in debt service for Matching Fund Bonds; \$29.2 million in appropriations to the several agencies responsible for carrying out the purposes for which the Funds were established; and \$42.0 million transferred to the General Fund.

Other (Non-Appropriated) Local Funds

In addition to appropriated amounts, some GVI departments and agencies (including semi-autonomous agencies) are expected to have access to an estimated \$203.4 million in local government revenues that are not subject to annual appropriations. For the most part, the sources of revenues for this *Non-Appropriated* expenditure are primarily fees and charges for business activity services provided by governmental entities⁸.

The Schneider Regional Medical Center and the Governor Juan F. Luis Hospital & Medical Center together will have access to \$138.4 million (68%) of the total, from fees and charges for

-

⁷ See Footnote 3.

⁸ The notable exceptions are the revenues deposited in the Insurance Guaranty Fund and Tourism Revolving Fund. These revenues are generated from taxes: the Insurance Premium Tax and the Hotel Occupancy Tax, respectively.

medical care they provide. The two other significant amounts in this category are: \$12.0 million available to the Department of Finance from the V.I. Insurance Guaranty Fund; and \$24.0 million available to the Department of Tourism from the Tourism Advertising Revolving Fund. Each Fund is to be administered for the purposes for which it was established. The balance of \$29.0 million is spread among Funds in different agencies.

Federal Funds

In addition to local funds, the FY 2017 Budget is supplemented by \$193.5 million in *Federal grants funding*. This amount compares to \$210.0 million in FY 2016 and \$181.8 million in FY 2015. Four VI Government departments are expected to receive \$145.6 million (75.2%) of these grant funds, as follows: the Department of Human Services \$68.7 million; the Department of Education \$38.1 million; the Department of Health \$19.2 million; and the Department of Public Works \$19.6 million.

Federal grants to the Department of Human Services are intended to fund the following major programs: State Administrative Matching Grants for the Supplemental Nutrition Assistance Program, Rehabilitation Services-Vocational Rehabilitation Grants to States, Temporary Assistance for Needy Families (TANF), the Head Start Program and Medical Assistance Program.

Grants to the Department of Education are intended to fund the following major programs: National School Lunch Program, Consolidated Grant to the Outlying Areas and Special Education Grant.

Major programs grant funded under the Department of Health are: Special Supplemental Nutrition Program for Women, Infants and Children (WIC), Hospital Preparedness and Public Health Emergency Preparedness Aligned Cooperative Agreement, and Immunization Cooperative Agreements Project.

Major programs grant funded under the Department of Public Works are: Economic, Social and Political Development of the Territories, and Highway Planning and Construction Projects.

Conclusion

Within the context of our challenged economic and fiscal realities, the FY 2017 Executive Budget begins to address some of the major service-level deficiencies, particularly in the areas of workforce compensation, education, health (especially mental health), and safety. As such it represents an effort to create opportunities and build hope in our community.

Respectfully,

Nellon L. Bowry

Director, Office of Management and Budget

DEMOGRAPHICS

Virgin Islands of the United States Demographics and Economy

Geography and History

The Virgin Islands of the United States otherwise known as the U.S. Virgin Islands are located in the turquoise seas of the Caribbean, approximately sixty (60) miles east of Puerto Rico and one thousand seventy-five (1,075) miles south of Miami, Florida. Comprised of 68 islands, the Virgin Islands of the United States are an unincorporated Territory of the <u>United States</u>, however, three (3) main islands, St. Thomas, St. Croix, and St. John are the most significant. Water Island, which is geographically located within the boundaries of the St. Thomas-St. John District, is commonly referred to as the fourth Virgin Island. The Territory is more than one hundred and thirty-three (133.6) square miles and is almost twice the size of Washington, D.C. with territorial waters that stretch over six hundred and three (603.9) square miles into the Atlantic Ocean. The Virgin Islands of the Unites States are renowned for its white sandy beaches with Magens Bay on the island of St. Thomas and Trunk Bay on the island of St. John, considered among the ten (10) most beautiful beaches in the world ("Popular Trip Ideas and Beach Guide," Travel Channel).

The city of Charlotte Amalie on the island of St. Thomas is the capital of the U.S. Virgin Islands. St. Thomas, historically mercantile, is a cosmopolitan island; yet it retains distinctive characteristics of a European settlement manifested in the architecture of its historic district. St. Thomas is a favorite stop for cruise ship passengers who take advantage of the duty-free shopping for which the island is known. The islands of St. Thomas and St. John are mountainous and volcanic in origin with the highest point being St. Thomas' Crown Mountain at one thousand five hundred and fifty-six (1,556) feet or four hundred and thirty-five (435.86) meters above sea level.

The largest island, St Croix, forty three (43.74) miles south of St. Thomas, is less mountainous and boasts two cities: Christiansted on its eastern end and Frederiksted on the western end. This tropical island is three (3) times the size of nearby St. Thomas and possesses a uniquely diverse terrain. A lush rain forest in the western mountains and undulating hills in the interior are in stark contrast to the spiny, desert vegetation and dry, rocky, red cliffs found on the eastern end. Christiansted was once the capital of the Danish West Indies and is presently designated a National Historic Site. St. Croix's Point Udall remains the most eastern point of the United States.

St. John, just three (3) miles east of St. Thomas, is home to a National Park on seven thousand two hundred (7,200) acres of land; of which five thousand six hundred (5,600) were gifted to the National Park Service by Laurence Rockefeller in 1956. Though it is the smallest of the three (3) U.S. Virgin Islands, St. John's natural landscape is perhaps the least spoiled of all frequently visited Caribbean islands. In 1962, the United States Congress expanded the boundary of the Park to include five thousand six hundred and fifty (5,650) acres of submerged lands as a way to protect and preserve the beautiful coral gardens and seascapes. In January 2001, through Presidential Proclamation, the Virgin Islands Coral Reef National Monument was established. It is a three (3) mile belt of submerged land off the island of St. John that supports a diverse and complex system of coral reefs and other ecosystems such as shoreline mangrove forests and sea grass beds that adjoin the already existing 5,650 acres established in 1962. In addition to St. John, the National Park Service manages both historical and marine treasures on St. Croix's Buck Island and on Hassel Island off St. Thomas. Salt River, Columbus' landing site on St. Croix, is the only co-managed park in the United States with management being shared by the Virgin Islands Territorial Government and The National Park Service.

Water Island is four hundred and ninety-one (491.5) acres or almost two square kilometers (1.989 km²), a half mile south of the harbor of Charlotte Amalie. During World War II, the island served as a military installation and on December 12, 1996, the Department of Interior transferred Water Island to the Government of the U.S. Virgin Islands.

In the early 1600s many countries took interest in the Caribbean and in what they termed "The Virgins". Holland, France, England, Spain, Denmark, and the Knights of Malta all sought colonies. Spain invaded the neighbouring island of Puerto Rico and colonized there. England and Holland colonized and jointly inhabited St. Croix in the 1620s. However, the French quickly moved in, removed the Spanish, and took over St. Croix, which remained a French colony until 1733. Despite successive colonial claims to the islands, the Danes emerged as the dominant colonial power and colonized all three (3) islands within a century: St. Thomas in 1672, St. John in 1717, and St. Croix in 1733.

Chattel slavery was the dominant means of labor in the Danish West Indies (1682-1848), and West Africans were the major ethnic group chosen for slavery. In 1685, the Danish government signed a treaty with the Dutch and Danes of Brandenburg. This treaty allowed the Brandenburg American Company to establish a slave-trading post on St. Thomas. Early governors promoted St. Thomas as a haven for pirates, aware that commerce of all kinds would benefit the economy of the island. St. Croix and St. John, on the other hand, pursued agricultural development; sugarcane, cotton, indigo, and rum became the chief exports of the plantations' economies. St. Croix soon became one of the largest exporters of sugarcane in the world prior to the discovery of the sugar beet; a period of prosperity commonly known as the "Golden Age" of St. Croix.

The West Africans' constant resistance to slavery, combined with the Danish colony's adoption of harsh slave codes, resulted in the first successful slave insurrection in the New World on St. John in 1733. On the island of St. Croix however, slavery flourished and by 1803 there were well over twenty-six thousand (26,000) enslaved Africans involved in planting and processing sugarcane. As slave revolts became more frequent, Denmark was forced to develop a 12-year plan to dissolve slavery. Unyielding in their insistence on freedom, enslaved Africans on St. Croix, led by Moses "Buddhoe" Gottlieb, revolted on July 3, 1848, forcing Governor Peter von Scholten to issue the Emancipation Proclamation declaring all people in the Danish West Indies "from that day free."

After emancipation, another repressive system of exploitation was introduced which matched the prior servitude of the slave economy. In 1849, the Danish Government created the 1849 Labor Act which instituted a policy of contracts for the freed laborers in order to retain control over them. The Danes also instituted a practice of importing immigrants to make up for worker shortfalls. These contracts were entered into on an annual basis on October 1 (Contract Day) of each year. The contract provided that laborers, who were earning meager wages, should give a full year's work to the estate on which they lived and could not quit without a pass from the estate owner. After 30 years of harsh and unfair conditions, a labor insurrection erupted in Frederiksted, St. Croix. The first revolt against the Labor Act was October 1, 1878, remembered today as Contract Day.

"The Fireburn" was an uprising of former slaves who, 30 years after emancipation, were systematically barred from leaving the island and were bound to plantations where they endured poor working conditions and egregious injustices. Over fifty (50) estates and half the town of Frederiksted went up in flames as a result of the revolt. Groups of protestors torched the town and plantations as they made their way eastward toward Christiansted. The revolt was championed by female protagonists; three of whom were known as "Queen Mary," "Queen Agnes" and "Queen Mathilda." After "The Fireburn", the Labor Acts were removed.

The Three Queens of the 1878 Revolt, "The Fireburn"

Due to Danish strategic needs and U.S. geopolitics, negotiations to sell the Danish West Indies to the United States began in 1867. The emergence of Germany as a major power with capacities for submarine warfare crippled international trade during World War I. The fear of Germany's seizing the Danish West Indies and establishing a submarine base in the Western Hemisphere drove the United States to acquire the islands. After several decades of negotiations, on March 31, 1917 the Danish West Indies were officially sold and transferred to the United States for twenty-five million dollars (\$25,000,000) in gold. After the formal transfer, the United States Government changed the name of the islands to the Virgin Islands of the United States, making them an offshore territory. Over the next ten years Virgin Islanders appealed and agitated for U.S. citizenship which was finally granted to residents in 1927.

Government

The U.S. Virgin Islands is an organized, unincorporated Territory of the United States and a part of the United Nations list of Non-Self-Governing Territories. The Organic Act of 1936 and the Revised Organic Act of 1954 created the contemporary political system and unicameral legislature was organized to unify the Territory after the Revised Organic Act of 1954. In 1968, the Elective Governor's Act provided for the Territory's voters to select their chief executives and in 1970, Dr. Melvin H. Evans became the first elected governor. In 1968, the position of Delegate to Congress for the Virgin Islands was approved, and in 1970 Ron de Lugo became the Virgin Islands' first Delegate to Congress. In 1982 the Judicial Branch was given more power to gradually create its own territorial court system.

The Organic Act of 1936 allowed for the creation of the Government of the Virgin Islands that was tasked with providing services and creating employment for the Territory's citizens. The Revised Organic Act of 1954, passed by the U.S. Congress and administered by the Office of Insular Affairs, U.S. Department of Interior, established the present three branches of government: Legislative, Judicial, and Executive.

The Legislative Branch is comprised of a 15-member unicameral body. Seven (7) Senators are elected from each island district of St. Thomas/St. John and St. Croix. The fifteenth (15th) senator, designated as "at-large," must be a resident of St. John. Senators are elected for two-year terms.

The Judicial Branch is comprised of a District Court of the Virgin Islands, a Supreme Court, and a Superior Court. Judges for the Federal District Court are appointed for a period of 10 years. The District Court of the Virgin Islands is technically a local court, created by Congress, and is not an Article Three Court under the U.S. Constitution. The Superior Court is a court of general jurisdiction over most civil, criminal, and family cases. The newly-established Magistrate Division of the Superior Court has jurisdiction over small claims, landlord/tenant issues, traffic, probate and petty criminal matters, and other powers as prescribed by law. The newly-established Supreme Court of the Virgin Islands is responsible for appeals from the Superior Court filed on or after January 29, 2007. Appeals filed prior to that date are heard by the Appellate Division of the District Court. Judges of the District Court of the Virgin Islands are appointed by the President of the United States and confirmed by the U.S. Senate while justices of the Supreme Court of the Virgin Islands and judges of the Superior Court are appointed by the Governor of the Virgin Islands and confirmed by the Virgin Islands Legislature.

The Executive Branch is headed by the Governor and Lieutenant Governor who are elected by popular vote and serve for a period of four (4) years, with a mandated limit of two (2) consecutive terms. The Governor is responsible for the administration of government. He may grant pardons, reprieves, and forfeitures against local laws as well as veto legislation. He retains the powers afforded to Governors throughout the fifty (50) states of the United States.

The Virgin Islands Flag

The flag of the Virgin Islands of the United States, adopted by Executive Order 17 May 1921, displays on a field of white nylon a golden American eagle between the letters V and I, holding in its right talon a sprig of laurel and in its left talon a bundle of three (3) blue arrows which represent the three (3) major islands. The eagle has a shield of the United States on its breast.

The Virgin Islands Seal

The Great Seal of the Government of the Virgin Islands of the United States was adopted by the 18th Legislature in 1990 and became effective January 1, 1991. It was designed by Mitch Davis, a native Virgin Islander and was selected from among 33 other submissions from around the world. In the foreground is the yellow breast, the official bird adopted in 1970, perched on a branch of the yellow cedar, adopted as the official flower in 1934. On the left end of the yellow cedar are three (3) flowers and three (3) seed pods; and, on the right are three (3) leaves of the plant. The three (3) major islands surround the bird and plant. The island with the sugar mill represents St. Croix; St. John is represented by the Annaberg Ruins; and St. Thomas by the Capital Building (the Virgin Islands Legislature) with the US flag flying and the Danneborg flag lowering. A sailboat is in the St. Thomas harbor and the words "United in Pride and Hope" is scrolled at the bottom of the Seal below the drawing of St. Croix.

Climate

The U.S. Virgin Islands enjoys an arid climate, moderated by trade winds with temperatures varying little throughout the year. Typical temperature patterns range from around 91° F in the summer to 86° F in the winter. Rainfall averages about 38 inches per year, with the wettest months from September to November and the driest February and March. Hurricane season lasts from June through the end of November.

Culture

The United States Virgin Islands is among the most culturally diverse, ethnically rich, and artistically vibrant societies in the Caribbean. The islands' history fostered a culturally diverse social order where a fusion of cultures has formed a distinctive society where variations are the accepted standard.

Like most of the English-speaking Caribbean, Virgin Islanders' culture is syncretic; derived mainly from Amerindian, West African, European, Creole, and American influences. Despite two hundred and fifty (250) years of Danish colonization, the dominant language has been English-Creole since the early 19th century, however the Dutch, French, Danes, African, and Spanish all contributed to the islands' cultural diversity. Historic and recent immigration have brought persons from other island nations not limited to: Puerto Rico, the British Virgin Islands, Haiti, the Dominican Republic, St. Lucia, Antigua, St. Kitts/Nevis, Anguilla, Dominica, and Trinidad/Tobago to the

U.S. Virgin Islands. Additionally, persons from the Arab world, India, and China contribute to the cultural mix of the U.S. Virgin Islands.

However, the foundation of Virgin Islands' culture stems strongly from Africans who were imported from West Africa as laborers, agriculturalists, and craftsmen to work in tobacco, indigo, cotton and cane fields, in rum manufacturing, on plantations, and in mercantile and urban industries between the 17th and 19th centuries. These Africans brought with them skills and traditions from across a wide expanse of the African continent, including what is now Nigeria, Senegal, the Congo, Gambia, and Ghana. The amalgamation of cultures created a distinct and unique society, rich in customs, music, dance, arts, language, architecture, and cuisine. The official music of the U.S. Virgin Islands is Quelbe, a synthesis of African, European, and Caribbean musical forms; a mix which reflects social and cultural conditions that existed during the 18th and 19th centuries. Enslaved Africans, denied practice of their own spirituality, language, music, and dance (that neither distance nor time could stifle), ingeniously adapted and integrated aspects of their European colonizers with the spiritual richness of their African culture to produce the unique musical form of Quelbe and other musical genres such as Cariso, which is the improvisation of West African singing styles, balladry, ritual chants, and songs. Twenty-first Century music genres include an opulent blend of soca, reggae, calypso, and zouk.

The annual celebrations of the Crucian Christmas Carnival on St. Croix, the St. John Fourth of July Celebration, and the Virgin Islands Carnival on St. Thomas continue to provide economic stimuli as thousands of visitors pour into the Territory to enjoy the unique culture and personality of each island. The Virgin Islands Carnival officially concludes the tourist season of the Virgin Islands of the United States.

Education

The Virgin Islands Board of Education was established as an independent agency of the Government of the United States Virgin Islands by Act No. 2252. Its duties are to recommend the establishment of public schools, prescribe general regulations and orders, adopt curricula and courses of study, recommend laws and amendments, and recommend appropriations required for the operation of the public schools and the Department of Education. The Board certifies educational professionals, exercises oversight over federal dollars, and manages the Territorial Scholarship Program. The USVI's public education system, administered by the Department of Education, is currently comprised of a State Education Agency (SEA) and two (2) Local Education Agencies (LEAs) for the St. Thomas/St. John District and the St. Croix District. The St. Thomas/St. John District has two (2) high schools, three (3) middle schools and two (2) high schools.

Health

The Virgin Islands Hospital and Health Facilities Corporation was established to ensure quality, comprehensive health care to residents and visitors. The Schneider Regional Medical Center, the Myrah Keating Smith Community Health Center, and the Charlotte Kimelman Cancer Institute serves the St. Thomas and St. John District. On the island of St. Croix, the Governor Juan F. Luis Hospital and Medical Center provide both basic and critical care to a growing patient population; with services recently expanded to include a Cardiac Center.

The V.I. Department of Health's (DOH) goal is to improve the health status of all Virgin Islands residents and to ensure they receive access to quality health care services. The DOH is responsible for helping each person live a life free from the threat of communicable diseases, tainted food, and dangerous products. To assist with its mission, the DOH regulates health care providers, facilities, and organizations, and manages direct services to patients where appropriate.

The V.I. Department of Health consists of five (5) major divisions: Public Health Services, Health Promotion & Disease Prevention, Health Information Technology, Public Health Preparedness, and the Division of Licensure. The Division of Licensure consists of nine (9) boards which regulate all healthcare professionals in the Territory. As

part of its mandate, the Department is also tasked with operating two (2) community health clinics, one (1) in each district.

Human Services

The Department of Human Services serves as the "state agency" for publicly financed programs that address the needs of the indigent, disabled, elderly, and low-income populations. The department also addresses the needs of the juvenile population through the Foster Care, Child Abuse and Neglect, Juvenile Justice, and Juvenile Delinquency Prevention Programs. Most recently the department was assigned oversight responsibility to end homelessness in the Territory.

The Department of Human Services, through partnership with other government departments, agencies, and other organizations, assists in the rehabilitation of individuals in order to place them in competitive employment to achieve self-sufficiency. As a result of revenue shortfalls and budget constraints in the Territory, the Medical Assistance Program was transferred from the Department of Health to the Department of Human Services to better serve the needs of the citizenry.

Politics

Politics are a driving force for economic and social change in the United States Virgin Islands, which are founded on the principle of elected individuals who represent the people, as opposed to autocracy or direct democracy. Elected representatives are charged with the responsibility of acting in the people's interest, but not as their proxy.

Virgin Islanders are U.S. citizens who cannot vote in U.S. presidential elections nor exercise a representative vote in Congress. However, there is an elected delegate in the United States House of Representatives who chairs and votes in congressional committees outside of the House itself. Nevertheless, once Virgin Islanders establish residency in any of the contiguous United States, Alaska, or Hawaii, they can vote in presidential elections. There are three (3) political parties in the U.S. Virgin Islands (USVI): the Democratic Party, the Independent Citizens Movement, and the Republican Party. Candidates for elected offices, who do not platform as a member of one of the three political parties, platform as Independents.

Economy

Located in the Caribbean, tourism is the mainstay of the U.S. Virgin Islands economy. Before the onset of the Great Recession in 2007, the U.S. Virgin Islands economy grew as a result of a vibrant tourism industry, government and, more importantly, exports of refined petroleum products. These activities increased the Gross Territorial Product (GTP) by over 4 percent on an annual basis, from 2006 to 2007. While overall tourism expenditures peaked at over \$1.5 billion in 2007, exports of refined petroleum products by the HOVENSA oil refinery constituted the vast majority of the increase in GTP. Revenues from the exports of refined petroleum products funded HOVENSA local operations.

With the closure of the HOVENSA oil refinery, tourism is now the main driver of economic growth in the Territory. More than two and a half million (2,500,000) tourists visit annually via cruise ship and air arrivals. In 2015, visitor arrivals were mixed. Cruise ship passenger arrivals for 2015 were down by 9.8 percent, while air visitor arrivals posted a 5.3 percent increase. The Virgin Islands Port Authority and the West Indian Company continues to expand and improve docking facilities for maritime activities.

In December 2015, the 31st Legislature of the Virgin Islands ratified a landmark agreement signed between the Government of the Virgin Islands and Limetree Bay Terminals, LLC, a subsidiary of ArcLight Capital Partners.

Limetree Bay Terminals, LLC, will operate oil storage facility with 13 million barrels of storage capacity, later on with the potential up to 30 million barrels of capacity at the location of the shuttered HOVENSA oil refinery. The Government will receive an annual percentage of the stored oil sold by Limetree Bay Terminals, LLC and the agreement will create approximately eighty (80) jobs in St. Croix.

In 2007, an average of 46,000 people were employed in non-agricultural positions. That figure is currently down to approximately 37,700 since the recession due to a decline in employment in construction, manufacturing, and other sectors. The Territory is making efforts to increase exposure and education of Information Technology and entrepreneurship at the K-12 level. The Virgin Islands Next Generation Network presents an important asset that can be leveraged for growth in the information technology, professional, and financial services sector, which is not only due to the wholesale fiber optic infrastructure the Territory now enjoys, but also to the 33 public computer centers that were developed to provide basic digital literacy training to residents. Additionally, internet service providers (ISPs) can purchase high-speed bandwidth and sell to their customers at affordable rates. The Economic Development Authority and the University of the Virgin Islands Research Technology Park offers marketing incentives to e-commerce or technology-based businesses.

ECONOMIC OVERVIEW

Economic Narrative

The Virgin Islands economy continued to contract, although at a much slower rate than in the previous 3 years. The U.S. and global recession and the closure of HOVENSA refinery operations contributed to the loss of approximately 8,000 jobs during the period of 2007-2015, with the losses coming primarily in manufacturing, construction and other industries sectors. General economic indicators were mixed for the first six (6) months of fiscal year 2016 compared to the same period in fiscal year 2015. Recent estimates of Gross Domestic Product (GDP) for the U.S. Virgin Islands show that real GDP adjusted to inflation decreased 0.6 percent or \$3.1 billion in 2014. For comparison, real GDP for the United States increased 2.6 percent during the same period.

Government revenues for the first two (2) quarters of fiscal year 2016 were mixed compared to the same period a year earlier. In January 2016, the hotel room tax increased from 10.0 percent to 12.5 percent and this new rate partially contributed to the hotel room tax revenues increasing by 17.0 percent. Trade and excise revenues also experienced positive growth of 8.0 percent. On the other hand however, individual, corporate, and gross receipt taxes declined by 1.7 percent, 25.5 percent, and 1.5 percent respectively. Additionally, property taxes waned by 43.7 percent. Only one property assessment bill will be issued in the 2016 fiscal year as the government has issued all property tax bills for prior years.

During the five-month period of October 2015 through February 2016 there were 42,758 persons employed in civilian jobs — 19,380 in St. Croix and 23,377 in the St. Thomas and St. John district. The Territorial jobless rate was 11.5 percent. Also for the first five months of fiscal year 2016, the Territory's nonagricultural wage and salary jobs shrunk by less than one percent (1%). During this period, there were a total of 37,576 nonagricultural jobs compared to 37,888 during the same period in fiscal year 2015. Of these, 26,840 jobs were in the private sector and 10,736 were in the public sector. The decline in employment was reflected both in the public and private sector and the loss of private jobs impacted the construction, manufacturing, financial services, trade, goods producing, and professional and business sectors. On the other hand, seasonal sectors; tourism, leisure and hospitality, accommodations and food remained at the same levels as last fiscal year.

Visitor arrivals have been mixed for the first six months of fiscal year 2016. Air arrivals were up by 1.4 percent; however cruise passengers who came to the Territory's shores decreased by 3.9 percent. There were 403,876 air visitors during this period compared to 398,373 air visitors for the corresponding period in fiscal year 2015; an increase of 2.0 percent, and cruise passengers totaled 1,208,295 compared to 1,256,972 during the last fiscal year; a decline of 3.9 percent. In total there were 1,612,171 visitors; down 2.6 percent from last year.

The number of homes sold in the Territory remained unchanged for 2015. The average value of the sale price of a home in the Territory fell to \$508,811 in 2015 from \$568,295 in 2014. Overall, the average price decreased because fewer houses sold for over one million dollars (\$1M). In the St. Thomas-St. John district, 13 homes sold for over one million dollars in 2015, compared to 22 houses in 2014. Territorial condominium sales price averaged \$215,142; a 6.5 percent increase over 2014

For the first two quarters of fiscal year 2016, the total value of construction permits fell by 39.7 percent to \$61.5 million from \$101.9 million in fiscal year 2015. The first half of 2016 also saw permit values for private non-residential homes contract to \$16.3 million from \$52.9 million in 2015.

There are several public sector projects expected to start in 2016 and continue into fiscal year 2017 and beyond. Among these are the Redevelopment of the Paul E. Joseph Complex and the development of the Frederiksted environment. The approximate impact will be in excess of \$20 million. The Multi-Purpose sports complex slated for the St. Croix UVI campus should have a total economic impact on the economy in excess of \$28 million. The island of St. Thomas will continue the ongoing \$9.5 million Fire Station Facility in Estate Ross and the start of the \$6.2 million Turpentine Run Bridge Project. The construction of the new \$3.4 million Fredriksted Head Start for the Department of Human Services and over \$60 million Public works road development projects on St. Croix plus the

over \$20 million road development on St. Thomas, will continue. The St. Thomas Veteran's Drive project is estimated to be over \$40 million, and the St. Thomas Street Project will add several millions to the economy. On St. John a \$1.2 million road restoration project has begun and other major infrastructural developments are in the planning stages for St. John.

In the planning stages also are several other major economic development projects that would impact infrastructure in every element of the VI economy. Thus, when these capital development projects are put in place, it is anticipated that the VI economy which has some inherent elements of low growth, may surpass the estimates of between one and two percent (1-2%). It must be borne in mind that a seminal feature of growth in the USVI is based on what will obtain in the USA. The USA economy expanded at an annualized growth rate of 0.5% over the first three months of 2016. This was lower than the 1.4% in the previous period and below the consensus 1.7%. Given that the USVI economy has a lagged relationship with the economy of the continental USA, much of the growth in the USVI will be functionally linked to that of the USA. The forecast of 2017 economic growth for the USA will be about 2.97%. It is estimated that the outcome of the elections in November 2016 will also have an impact on what obtains in the USA and in the USVI, as a result.

Policy and Initiatives

The government continues to put forward initiatives to position the government along a path of economic and fiscal recovery. These measures include expediting the Water and Power Authority (WAPA) propane conversion project. In April 2016, WAPA began the commissioning of propane fuel to the St. Croix Estate Richmond facility. Once testing and procedures are completed, the plant will then begin the introduction of liquefied petroleum gas (LPG) into retrofitted units. Commencement is scheduled in August 2016 to conduct similar propane fueling at St. Thomas Randolph Harley Power Plant. The units have been permitted to allow usage of three fuel types: oil, propane and natural gas in the generation of electricity. It is anticipated that the usage of LPG will result in a 30 percent reduction in ratepayer's utility costs.

The government continues to leverage federal funds for hiring and program services. In 2015, the Governor met with Environmental Protection Agency (EPA) Administrators regarding the proper usage of EPA funds for projects in the Territory. As a result of these meetings, additional funding is now being made available for wastewater treatment facilities. Moreover, funding is being provided for ensuring quality drinking water, educational and preserved projects. Additionally, the Public Finance Authority (PFA) closed on the financing of \$91 million to fund critical highway infrastructure projects. Two major road construction projects listed are Veterans Drive Highway on St. Thomas and Governor Melvin H. Evans Highway on St. Croix.

One of the goals of the current administration is to move both the public and private sector labor force closer to a livable wage. The Governor signed Bill No. 31-0236 that authorizes step wage increases to USVI public sector employees and Bill No. 31-0320 that increases the Territory's minimum wage to \$10.50 by January 2018. The Bureau of Economic Research (BER) conducted a 2016 update to the 2010 Living Wage Self-Sufficiency Standard prior to signage of Bill No. 31-0320, and an estimated 14,416 workers—or about 37 percent of the USVI workforce—would receive a pay raise, resulting from the passage of this bill. An estimated increase aggregate of earnings would range from \$16.6 million to \$57.1 million.

In December 2015, the 31st Legislature of the Virgin Islands ratified a landmark agreement signed between the Government of the Virgin Islands and Limetree Bay Terminals, LLC, a subsidiary of Arc Light Capital Partners, thereby bringing online a business facility at the shuttered Hovensa facility that was out of operation for 4 years. The agreement was scheduled to create approximately 80 jobs in St. Croix, in the first instance; however, as of the first quarter of calendar year 2016, there were in excess of 400 employees at the facility. Limetree Bay Terminals, LLC, will begin to operate an oil storage facility with 13 million barrels of storage capacity, but later on the potential will ramp up to a capacity of 30 million barrels. The Government will receive an annual percentage of the stored oil sold by Limetree Bay Terminals, LLC.

As part of the agreement, the Government of the Virgin Islands received a payment of \$220 million and the deeds to 350 acres of land, housing, the community center and vocational school. It should be noted that the agreement with Limetree Bay Terminals requires that 80 percent of the workforce at the Limetree facility be Virgin Islands residents. Limetree Bay Terminals has also committed \$125 million of capital spending towards the facility infrastructure and the construction of an asphalt storage facility dedicated to the Government.

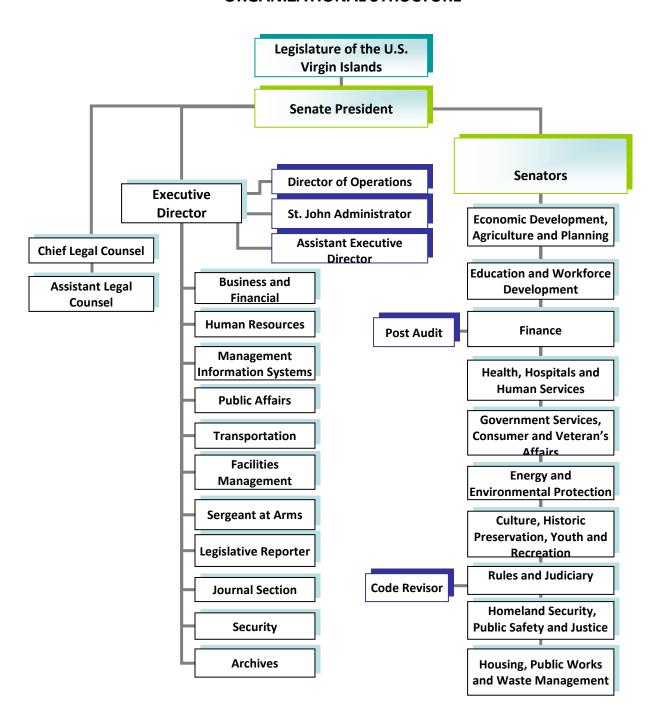

Ongoing payments to GVI: Tax payments of 9-10 percent of the terminal revenue; with a minimum annual payment of \$7 million and the entity will make annual contributions of \$500,000 in charitable and educational commitments to the University of the Virgin Islands and local charities. Limetree Bay has also leased 80 housing units at the cost of \$1.2 annually. The entity will be responsible for maintenance and repairs. Furthermore, the company is considering the feasibility of restarting refining operations— albeit on a smaller scale.

Outlook

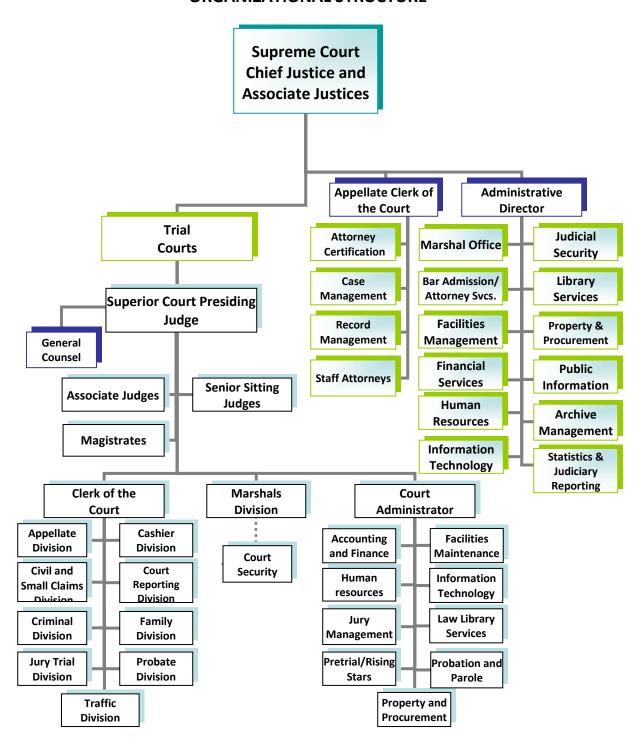

Fiscal and employment challenges will continue to persist in 2017. Policy plans and initiatives are needed to expand technological innovations and increase private investment. The agreement with Limetree Bay Terminals, LLC will foster employment and capital project activity on the island of St. Croix. The tourism sector is expected to continue to improve due to strong collaborative marketing by the Department of Tourism. The losses of jobs in various sectors may linger in 2017, but the many public sector initiatives will mitigate against any significant job loss. **Growth, therefore, may continue to remain slow and uneven at about 1% to 2%.**

ANNUAL BUDGET PROCESS

Government of the Virgin Islands' Annual Budget Process

Annual Budget Process Overview

The Government of the Virgin Islands' annual budget process is based on an executive budget model. The Executive Branch is responsible for developing, formulating, and compiling a comprehensive, balanced budget proposal, which is modified by the Legislature and enacted into law. The Governor is required by law to seek and coordinate requests from all the departments and agencies of the government; to develop a complete spending plan of proposed expenditures, listing revenues available to support them; and to create a prospective, balanced budget. This budget, along with the necessary appropriation bills and enabling legislation, is mandated by law to be submitted to the Legislature by May 30th each year. The Governor is also required to execute the adopted budget through administrative actions during the fiscal year.

The Government of the Virgin Islands' fiscal year begins October 1 and ends September 30; however, the actual "budget cycle," representing the time between early budget preparation and final disbursements, extends over the entire year, commencing in the first quarter of the current fiscal year.

The budget process consists of six major activities:

- 1. Budget Formulation
- 2. Agency Budget Preparation
- 3. OMB Budget Review/Recommendation
- 4. The Governor's Proposal
- 5. Legislature's Action
- 6. Budget Execution

Budget Formulation

December – January: The budget formulation process begins with the development of the revenue projections. The Financial Team which is comprised of the Director of the Office of Management and Budget (hereinafter "OMB"), the Commissioner of the Department of Finance, the Director of the Internal Revenue Bureau, the Director of the Division of Personnel, the Chief Negotiator of the Office of Collective Bargaining, the Director of the Bureau of Economic Research, two (2) liaisons from the Office of the Lieutenant Governor and a liaison from the Office of the Governor, meet periodically to analyze past economic trends and monitor revenue flow to begin developing revenue projections for the upcoming fiscal year. During the month of December, the Director and staff of OMB, begin the development of the budget ceilings for all departments and agencies based on projected revenues for the upcoming fiscal year.

January: The Director of OMB issues budget guidance to all departments and agencies with the projected ceiling levels as dictated by projected revenues. During this time, OMB conducts budget orientation sessions in both the St. Thomas/St. John and St. Croix districts with the commissioners, directors, fiscal personnel, and program directors and explains all budget guidelines. Analysts assigned to each department and agency answer inquiries about the guidelines. The analysts work with the departments and agencies on a one-to-one basis to address particular budgetary concerns. Additionally, site visits are conducted during this period to familiarize the analysts with the departments and agencies' operational plans.

Agency Budget Preparation

February: The departments and agencies develop their spending plans in agreement with the ceilings and guidelines in the Budget Call along with training and hands-on budget orientation sessions.

OMB Budget Review/Recommendation

March – April: The departments and agencies submit their proposed budgets for the upcoming fiscal year to OMB. The Director, along with the OMB staff, analyzes the individual budgets and prepares recommendations for the departments and agencies; updates the departments and agencies' narratives; drafts the necessary appropriation bills and enabling legislation; and develops budget schedules, summaries, and revenue statements. The OMB Director and staff then presents the head of each department and agency with a copy of OMB's recommendation (justification letter, management letter, and personnel listing) for their particular Department and Agency to review and discuss with OMB's staff at scheduled internal budget hearings, if necessary. In the event of changes made during the internal budget hearings, the analysts revise a department or agency's budget along with the budget schedules, summaries, and revenue statements for submission to the Governor's financial team for review, recommendations, and approval. If necessary, analysts make changes and update the budget and supporting documents for presentation to the Governor.

The Governor's Proposal

May: After conferring with the Governor, the recommended budgets are finalized. The Governor's submission message to the Legislature, along with OMB Director's budget message to the Governor, is drafted to complete the unbound compilation of the document. The document in its entirety is then submitted to the Government's Printing Office electronically to be printed and bound. An electronic version of the document is placed on CD as well as various websites for public access.

Pursuant to Title 2, Chapter 2, Section 24, subsection (b) and Chapter 12, Section 251 Virgin Islands Code, a balanced budget for the Government of the Virgin Islands is then submitted to the Legislature by May 30th or otherwise authorized.

The proposed Executive Budget includes government funds subject to appropriations pursuant to law from the General Fund, Internal Revenue Matching Fund, Government Insurance Fund, and others. It also includes non-appropriated government funds, which are funds that generate revenues from fees, services, and other sources; and funds used by the revenue-generating departments and agencies (i.e. Data Processing Fund and Fire Service Emergency Fund).

Legislature's Action

June – September: During this time, the Legislature reviews and deliberates on the proposed Executive Budget, supporting appropriation bills, enabling legislation, schedules, and summaries as submitted by the Governor. The Post-Audit Division of the Legislature analyzes the budgetary information and prepares reports for the Committee on Finance to conduct individual departments and agencies' budget hearings. During the hearings, commissioners, directors, and their key financial personnel take the opportunity to testify on their recommended budgets. At the conclusion of all hearings, the Committee on Finance acts on the Governor's proposed Executive Budget and forwards its recommendations to the Committee on Rules and Judiciary, and finally to the entire Legislative body for consideration at a legislative session.

During the legislative process, the Legislature may add, change, or delete any item in the budget proposed by the Governor. The proposed Executive Budget and accompanying legislative bills must be approved by the Legislature and signed into law by the Governor on or before September 30th. If the budget is not approved before the commencement of the new fiscal year, October 1st, pursuant to the 1954 Revised Organic Act, Section 9(e), the appropriations of the preceding fiscal year, as they may be deemed applicable, are automatically re-appropriated until approval of a new budget. Once approved, this becomes the Adopted Budget as amended by the Legislature.

Adopted Budget Execution

September: Upon approval of the Adopted Budget, the Governor has another opportunity to veto the budget partially or in its entirety and return it to the Legislature with his objections. This is known as a gubernatorial veto. A gubernatorial veto can be overridden by a two-thirds majority of all members of the Legislature and thereby become law. The Governor could also allow the budget to become law without his signature.

October – September: Once the budget is enacted, fiscal control of expenditures is exercised by the Governor through the Director of OMB. If the fiscal resources available to the Government in any fiscal year are insufficient to cover the appropriations approved for that year, the Governor, through the Director of OMB, may take administrative measures (such as reducing or withholding budget allotments) to align expenditures with available resources.

SUMMARIES

Revenue Overview

In accordance with Title 2, Chapter 12, Section 251 of the Virgin Islands Code, the Governor presents a balanced budget to the Legislature. In doing so, input from many stakeholders including the Office of Management and Budget, the Bureau of Internal Revenue, the Bureau of Economic Research, the Office of the Lieutenant Governor, the Department of Finance, and advisors of the Governor, were taken into consideration. Many assumptions and best practice methodologies were applied to trends, capital projects, national and local forecasts, amendments and new policies, regulations, and Federal and local laws to generate projections. These projections influence policy and decision making to accommodate the services to be offered within the Territory in Fiscal Year (FY) 2017.

The FY 2017 available revenues for appropriation from the General Fund total \$777.8 million and is based projections from the four (4) major revenue sources: taxes, fees, contributions, and other financing sources. It is also comprised of deductions for transfers to other Funds, which are mainly for debt services, refunds, and contributions to other funding sources.

Taxes and Other Revenues

Projected revenue collections for Fiscal Year 2017 include the following categories:

- Individual Income Taxes are projected at \$351.5 million. This can be mainly impacted by factors such as implementation of capital projects, changes of wages, and deposit of income taxes by employers.
- Corporate Income Taxes are projected at \$74.3 million. Corporate profit margins and capital investments can highly impact corporate income taxes.
- Real Property Taxes are projected at \$60.0 million. This can be impacted by the date the property tax bills are distributed and collection enhancement.
- Trade and Excise Taxes are projected at \$24.9 million. This tax will be impacted by the spending power of the community.
- Gross Receipts Taxes are projected at \$184.2 Million and will be impacted by the spending power of the community.

In addition, there are other revenues that are derived from fees and fines associated with licenses, customs duties, permits, franchise taxes, stamp taxes, malpractice insurance, and other miscellaneous income.

Transfers from Other Funds

An amount of \$54.1 million is projected as a contribution from local funds to the General Fund. The major contributors are from the Transportation Trust Fund \$15.8 million, the Insurance Guaranty Fund \$12.0 million; the Internal Revenue Matching Fund \$8.5 million, which is derived from the excise tax on rum made in the Virgin Islands and sold in the United States; Caribbean Basin Initiative \$8.9 Million; and other funds totaling \$8.9 million.

Transfers to Other Funds

Transfers to other funds include income tax refunds of \$60.0 million, debt service of \$68.5 million and \$9.7 million as other transfers.

Other Sources

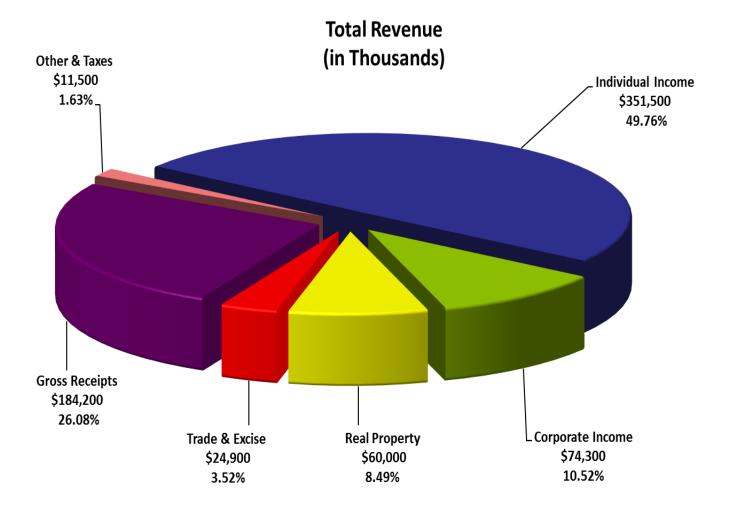

Other sources of funds are debt financing of \$110 million, which is composed of an estimated \$55 million for working Capital Loan and \$55 million for long term debt restructuring, along with a projected \$11.7 reimbursement of Federal funds in FY 2017.

Monitoring

The Government of the Virgin Islands' objective is to ensure the highest possible collection is achieved by continuing to build on customer services, workforce training, and development and technology. Having a balanced budget by utilizing conservative projections is vital for the Government to meet its obligation, however, in order to achieve this, the Office of Management and Budget will continue to assess all revenues and expenditures on a regular basis to guarantee that Government resources are utilized efficiently and effectively.

CAPITAL BUDGET

Under the direction of the Commissioner of the Department of Public Works (DPW) and within the Governor's prioritizations, the Capital Improvement Projects Division (CIP) leads territorial coordination, management, and delivery of selected projects whose costs exceed \$100,000, and were previously administered through each Department and Agency within the Executive Branch of Government. The CIP, previously under the direct management of the Office of the Governor, was returned in 2008 by Governor John P. deJongh's Administration to DPW as codified through *Title 3, Chapter 9, Subsection 138* and *Title 31, Chapter 1, Subsection 1* of the Virgin Islands Code. DPW's Capital Improvement Projects Division provides critical administrative and professional engineering support services to the Executive Branch of Government, as it relates to the planning, construction, renovations, and development of government facilities.

SECTION 1. Title 33, Chapter 111, Section 3002a is repealed in its entirety.

SECTION 2. Title 30 of Virgin Islands Code, Chapter 5, Section 105(12) is repealed in its entirety.

BILL SUMMARY

This bill repeals the District Street Light Fund, and repeals the Virgin Islands Water and Power Authority's prohibition on its ability to charge reconnection, administrative or service fees relative to customer disconnections of electrical power.

An Act to repeal Act No. 7261, Section 13 to repeal the Internal Revenue Matching Fund contribution to GERS.

PROPOSED BY THE GOVERNOR

Be It Enacted By The Legislature Of The Virgin Islands:

SECTION 1. Act No. 7261, Section 13 is repealed in its entirety.

BILL SUMMARY

This will repeal Act No. 7261, Section 13, to discontinue the \$7 Million annually going to GERS from the Internal Revenue Matching Fund. This is due to Act No. 7864 directing the proceeds in excess of \$500,000 be transferred from the Lonesome Dove Special Revolving Fund to GERS.

An Act amending Act No. 6333 Section 29(a) and (b) relating to the Emergency Services Surcharge.

PROPOSED BY THE GOVERNOR

Be It Enacted By The Legislature Of The Virgin Islands:

SECTION 1. Act No. 6333, Section 29(a) is amended by striking "one (\$1) dollar" and inserting "two (\$2) dollars".

SECTION 2. Act No. 6333, Section 29(b) is amended by striking "one (\$1) dollar" and inserting "two (\$2) dollars".

SECTION 3. This increase in the Emergency Services Surcharge shall take effect January 1, 2017.

BILL SUMMARY

The bill amends Act 6333, Sections 29(a) and (b), relating to the Emergency Services Surcharge by increasing the Emergency Services Surcharge from \$1.00 to \$2.00 with an effective date of January 1, 2017.

An Act amending Act No. 7360, Section 5 which returns to the Transportation Trust Fund revenue realized through the collection of fuel taxes, pursuant to 3 V.I.C. § 91(a), and establishing an energy/usage surcharge to be used to maintain street lighting in the Territory.

PROPOSED BY THE GOVERNOR

WHEREAS, Act No. 7360 increased the fuel tax and appropriated said revenue to the Virgin Islands Water and Power Authority Generating and Infrastructure Fund to aid in alleviating the Territory's energy crisis; and

WHEREAS, the Territory is currently in need of additional revenue resources to be deposited into the General Fund for general operating expenses; and

WHEREAS, the Transportation Trust Fund, which makes an annual contribution to the General Fund, can increase its contribution to the General Fund if it receives an additional revenue stream from the collection of fuel taxes; Now, Therefore,

Now, Therefore, Be It Enacted By The Legislature Of The Virgin Islands:

SECTION 1. Title 33 Virgin Islands Code, Chapter 111, Subsection 3003a, is amended by inserting a new item (b) (4), to read as follows:

(4) all fuel taxes collected in the Virgin Islands under the provision of Title 33 Virgin Islands Code, Subtitle 1, Part I, Chapter 5, Section 91, Subsection (a).

SECTION 2. Notwithstanding any other law to the contrary, there is hereby created an energy/usage surcharge that will be used to maintain the street lighting in the Virgin Islands. This surcharge is based on Commercial and Large Power customers assessed a flat base charge of five (\$5) dollars. Provided, however, that all rate classes (residential, commercial & large power) are assessed an energy/usage surcharge based on the following usage levels:

| Energy Charge per kWh - All Classes [2] | |
|-----------------------------------------|------------|
| 0-500 kwh | \$0.003800 |
| 501-1000 | \$0.005700 |
| 1001-1500 | \$0.007600 |
| 1501-2000 | \$0.007600 |
| 2001-3000 | \$0.007600 |
| 3000 + (Ceiling) | \$0.007600 |

SECTION 3. That all monies collected from the surcharge established in Section 2 shall be deposited into the Virgin Islands Water and Power Generating and Infrastructure Fund.

BILL SUMMARY

This bill amends Act No. 7360, Section 5, and returns to the Transportation Trust Fund revenue realized through the collection of fuel taxes, pursuant to 33 VIC § 91(a). It also creates an energy/usage surcharge that will be used to maintain street lighting in the Territory. The monies realized from the surcharge will be deposited into the Virgin Islands Water and Power Authority Generating and Infrastructure Fund.

An Act amending Title 32 Virgin Islands Code, chapter 21, article II, relating to the membership of the Virgin Islands Casino Commission.

PROPOSED BY THE GOVERNOR

Be It Enacted By The Legislature Of The Virgin Islands:

SECTION 1. Title 32 Virgin Islands Code, chapter 21, article II, is amended as follows:

- (a) In section 404, by striking "three" and inserting "five";
- (b) In section 405, subsection (a), by striking "two" where it first appears and inserting "three"; and
- (c) In section 425, subsection (a), by striking "two" and inserting "three" and in subsection (d) by striking "one" and inserting "two" and by striking "two" and inserting "three".

BILL SUMMARY

This bill amends the statutory provisions relative to the membership make-up of the Virgin Islands Casino Commission by increasing the membership to five (5) Commissioners.

THIRTY-FIRST LEGISLATURE OF THE VIRGIN ISLANDS OF THE UNITED STATES OF AMERICA

REGULAR SESSION

2016

An Act providing for the housing for the Governors of the Virgin Islands of the United States in St. Thomas, U.S. Virgin Islands, and for the rehabilitation, renovation and opening of the current structures at the Catherineberg Property on Denmark Hill which were used as a residence for the Governors of the Virgin Islands of the United States to be used to house historical artifacts and art.

PROPOSED BY THE GOVERNOR

WHEREAS, the Revised Organic Act of 1954, as amended, states that the Governor shall maintain his official residence in Government House on St. Thomas, Virgin Islands;

WHEREAS, the third floor of Government House has historically been used as the official residence of the Governor of the Virgin Islands of the United States;

WHEREAS, in 1995, the 5th elected Governor of the Virgin Islands of the United States, Governor Roy L. Schneider, converted the third floor of Government House into additional office space for the Office of the Governor and for the most part the third floor has been used as office space since that period in time;

WHEREAS, the Government of the Virgin Islands of the United States acquired "Denmark Hill" Remainder of Estate Catherineberg, No. 8 Great Northside Quarter, St. Thomas, U.S.V.I., consisting of 6.23 acres, more or less, as shown on PWD Map No. D9-3470-T86 (herein referred to as "Catherineberg") as part of the transaction that purchased the West Indian

Company Limited from Denmark and placed this property under the ownership of the West Indian Company;

WHEREAS, the West Indian Company-owned Catherineberg property contains structures that were used as the residence of the former Directors of the West Indian Company prior to the acquisition of the property by the Government of the Virgin Islands of the United States in 1993;

WHEREAS, the West Indian Company has leased this property to the Government of the Virgin Islands of the United States for a nominal fee of \$1.00 per year since the acquisition for the purpose of housing the Governor of the Virgin Islands of the United States;

WHEREAS, the West Indian Company is exempt from the payment of property taxes, but in lieu thereof is assessed a Payment In Lieu of Property Taxes ("PILOT") in the amount of \$700,000.00;

WHEREAS, the West Indian Company is several years behind in the payment of the PILOT and will owe the Government of the Virgin Islands of the United States \$6.6 million dollars as of September 30, 2016;

WHERERAS, the 7th elected Governor of the Virgin Islands of the United States, John P. de Jongh, Jr., resided at his personal residence during the entire time of his tenure as Governor leaving Catherineberg unoccupied as a living quarters and as a result of lack of use, some build-up of mold in the residence renders it uninhabitable and unusable at this time;

WHEREAS, on January 5, 2015, Governor Kenneth E. Mapp was sworn in as the 8th elected Governor of the Virgin Islands of the United States;

WHEREAS, 8th elected Governor of the Virgin Islands of the United States has had to reside in rented property and hotel rooms while staying in the Capital, which is inconsistent with the mandate under the Revised Organic Act of the Virgin Islands of 1954, as amended;

WHEREAS, the 31st Legislature of the Virgin Islands passed Bill No. 31-0295 to provide for housing for the Governors of the Virgin Islands of the United States;

WHEREAS, Bill No. 31-0295, now Act No. 7834 became law without the Governor's signature;

WHEREAS, Act No. 7834 authorized, in pertinent part, the Government of the Virgin Islands of the United States, acting through the West Indian Company, to negotiate with the owner of Parcels Nos. 21, 22, 23, and 24 Dronningen's Gade, St. Thomas, U.S. Virgin Islands to acquire such property for no more than the average appraised value of three recent independent appraisals;

WHEREAS, the Government of the Virgin Islands of the United States and the West Indian Company have viewed the property and determined that the acquisition of the property is not financially in the best interest of the Territory;

WHEREAS, the 8th elected Governor of the Virgin Islands must still reside in hotel rooms while in the Capital, which continues to be inconsistent with the mandates of the Revised Organic Act of 1954, as amended and which limits the Governor's presence in the Capital, and

WHEREAS, a resolution of suitable housing for the Governors of the Virgin Islands of the United States can be attained by constructing a new Governor's Residence on Denmark Hill on the 6.23 U.S. acres now owned by the West Indian Company with using the funds due and owing to the Government of the Virgin Islands by the West Indian Company; and

WHEREAS, there is a need to renovate the Catherineberg property to be used for historical purposes, and the housing of Virgin Islands' art and artifacts;

Now, Therefore, Be It Enacted By The Legislature Of The Virgin Islands:

SECTION 1. Sections (a), (b), (c), and (d) of Act No. 7834 are repealed in their entirety and the following language is inserted in its place:

- "(a) To resolve the ongoing effort to find suitable housing for the Governors of the Virgin Islands of the United States, the Government of the Virgin Islands of the United States, acting through the West Indian Company, shall cause to be constructed a suitable official residence to house the Governors of the Virgin Islands of the United States at Denmark Hill Remainder, No. 8 Great Northside Quarter, St. Thomas U.S.V.I., consisting of 6.23 acres, more or less, as shown on PWD Map No. D9-3470-T86.
- (b) The West Indian Company shall cause to be rehabilitated, renovated and open as a structure to house historical artifacts and art of the Government of the Virgin Islands of the United States the current structures on the Catherineberg property which previously served as the residence for the Governors of the Virgin Islands of the United States.
- (c) The West Indian Company shall pay the cost of the construction of the official residence for Governors of the Virgin Islands of the United States and for the rehabilitation and renovation of the current structures on the Catherineberg property which previously served as the residence for Governors of the Virgin Islands of the United States, and such costs shall be deducted from the monies due and owing to the Government of the Virgin Islands of the United States by the West Indian Company through the "PILOT" due and owing as of September 30, 2016.

SECTION 2. Sections 2 and 3 of Act No. 7834 are repealed in its entirety.

BILL SUMMARY

The bill resolves the housing issues for Governors of the Virgin Islands of the United States who shall reside in the Capital by authorizing the Government of the Virgin Islands of the United States, through the West Indian Company, to construct a new residence for Governors of the Virgin Islands on Denmark Hill and to rehabilitate, renovate and open as a structure to house historical artifacts and art of the Government of the Virgin Islands of the United States the current structures on the Catherineberg property which were previously used as housing for the Governors of the Virgin Islands of the United States. The bill further provides that the West Indian Company shall pay for the cost of the construction and rehabilitation and renovation of the properties on Denmark Hill and that such costs shall be deducted from the sums due and owing to the Government of the Virgin Islands of the United States by the West Indian Company through the PILOT due and owing as of September 30, 2016.

Activity 23010 Operations

Functional Statement

The Operations Division coordinates response and recovery activities while maintaining a manageable span of control of the Territory's available resources. The Division manages operations directed toward reducing the risk to lives and property from all hazards prior to, during, and after any emergency incident in addition to establishing situational control and restoring normal conditions. The Division is also responsible for processing and disseminating intelligence data to all law enforcement entities that assist with surveillance of major crimes. Further, the Division is tasked with operating and maintaining the necessary equipment to communicate to Police, Fire, Emergency Medical Services, Rescue, and all other governmental agencies, local and federal.

Activity 83030 Heavy Equipment Maintenance

Functional Statement

The Heavy Equipment Unit maintains automotive and heavy equipment used in the preparation of land for farmers.

The Heavy Equipment Maintenance Unit manages the garage housed on the grounds of the Department. The Unit consists of a supervisor and a staff of mechanics, welders, and tire-repair personnel who respond in a timely manner to mechanical problems that occur in the field during the operation of heavy equipment in the process of land clearing and/or preparation. The Unit services and maintains equipment used for bulldozing, grass cutting, plowing, harrowing, banking, posthole digging, raking, tilling, hay baling, and water delivery for and with farmers. The Unit plays a vital and timely role in getting farmers' land prepared—from sowing to harvest.

Activity 83040 Building and Grounds Maintenance

Functional Statement

Building and Grounds Maintenance provides general maintenance to all buildings, physical plants, and grounds occupied by the Department.

Maintenance includes, but is not limited to, grass-cutting and pruning of trees/shrubbery. In addition to the garage and abattoir, the Unit maintains the Farmers' Markets in Estate La Reine, Frederiksted, and Christiansted. Plumbing installations and repairs on the grounds and in the Community Garden are significant phases in the water distribution program as the lack of water is a major limiting factor to food production.

Activity 80130 Enforcement

Functional Statement

Enforcement serves as the obligatory arm of the Department. Its primary function is to enforce all environmental, boating safety, and permitting laws of the United States Virgin Islands and to protect, conserve, and preserve the natural resources of the Territory. Its secondary functions are to support the philosophy of "zero tolerance" to illegal drugs by assisting when called upon by federal and local enforcement agencies to participate in joint initiatives aimed at eradicating illegal drugs within the USVI borders; the enforcement of Homeland Security duties through land and marine patrols focused at preventing terrorist attacks aimed at crippling the Territory's economy; and the enforcement of federal fisheries laws as stipulated in the "Joint Enforcement Agreement".

Activity 80200/80210/80220 Permits Administration STT/STJ/STX and Permits Inspection

Functional Statement

The Permits Inspection Unit reviews and issues various types of permits: building, plumbing, electrical, demolition, mechanical, and occupancy for the construction of new or existing residential, commercial, or any other type of structure that will be occupied or used by an individual, family, or group. It also inspects all construction activity throughout the Territory to ensure minimum local and national building code compliance.

Activity 80400 Coastal Zone Management

Functional Statement

The Coastal Zone Management (CZM) Program, pursuant to Act No. 4248, Title 12, Chapter 21, Section 903 (b), Virgin Islands Code, serves to protect, maintain, preserve, and where feasible, enhance and restore the quality of the environment in the coastal zone (including the trust lands and other submerged and filled lands of the Virgin Islands), and the natural and manmade resources therein; and promote economic development and growth in the coastal zone. The Coastal Zone Management Program also permits and regulates all development within the first tier of the coastal zone; develops, manages, and promotes the St. Croix East End Marine Park; oversees the negotiation and implementation of submerged and filled land leases; and assists in the protection of marine environments, particularly coral reefs, via implementation of erosion and sedimentation control regulations and programs and non-point source pollution control policies and programs.

Activity 80410 Comprehensive and Coastal Zone Planning

Functional Statement

Comprehensive and Coastal Zone Planning (CCZP), whose functions are referenced in the Virgin Islands Code under the Division of Planning, formulates long-range plans and policies, including the development of a comprehensive plan to properly guide and manage physical, economic, and social growth and development trends in the Territory. The Division is also responsible for administering DPNR's zoning map amendments, subdivision processes, and for reviewing their effectiveness and appropriateness. The Division provides technical planning support and serves as a resource center for DPNR, other government agencies, and the general public. The Division is also responsible for coordinating territorial planning activities and capital projects between the public and private sector.

Activity 80500 Libraries and Administration

Functional Statement

The Division of Libraries, Archives and Museums provides library and information services through the development and preservation of its collections, facilities, and resources to meet the information needs of its clientele, including the preservation of Virgin Islands culture and literary heritage. It identifies, preserves, and promotes the relevance of historical and cultural related public records of the Virgin Islands. Traditional and electronic means are used to assist in meeting the educational, recreational, and professional needs of the community. The needs of special populations such as the visually impaired and physically challenged are served. Additionally, the library houses archival records and is a depository for government records throughout the Territory.

Activity 80520 Museums

Functional Statement

The Museums Unit is responsible for the interpretation of the history, arts, and material culture of the USVI through exhibitions, displays, lectures, and workshops. This Unit also has to meet the demands of preserving and maintaining two coastal Danish fortresses, Fort Christian and Fort Frederik, which are National Historic Landmarks. These two cultural resources are vital to the economic viability of the historic towns they are located in, the cultural heritage of the Territory, and its tourism industry.

Activity 80800 Division of Archaeology and Historic Preservation

Functional Statement

The Division of Archaeology and Historic Preservation preserves the cultural and historic heritage by preserving and protecting, as well as fostering a meaningful awareness and appreciation of the unique history of the United States Virgin Islands (USVI). This history is contained in prehistoric and historic archaeological deposits, both terrestrial and marine, manifested in sites of cultural and spiritual meaning, and reflected in the outstanding architecture and beauty of aboveground historic buildings and sites of the USVI. This mission is accomplished through encouragement and education and by sponsoring and assisting programs that promote historic preservation in the USVI.

Activity Virgin Islands Council on the Arts

Functional Statement

The Virgin Islands Council on the Arts' (VICA) mission is to enrich the cultural life of the Virgin Islands through focused leadership that preserves, supports, and makes accessible excellence in the arts to all Virgin Islanders. This is accomplished through a competitive grant award process, in which VICA provides technical and financial assistance to schools, arts organizations, individual artists, non-profit organizations, and other entities that meet the Council's funding criteria, demonstrates need and accessibility, are financially accountable, and engaged in art projects and programs that addresses the Council's mission. VICA receives federal funding from the National Endowment for the Arts, which is matched with local appropriations and re-granted territory-wide.

Activity 70010 Health Planning, Research and Statistics

Functional Statement

The Bureau of Vital Statistics and Research records and preserves the Territory's birth and death events. The Bureau is also mandated to record incidences of cancer in the Territory. The Department of Health's Office of Licensure and Health Planning promotes the delivery of essential health care services to the residents of the Virgin Islands by establishing standards that improve access to, and quality of, healthcare and the containment of healthcare costs. The Office cultivates knowledge and understanding of health care delivery systems and the Certificate of Need (CON) process through public participation, involvement in planning, and data collection efforts, and a constant focus on best practices for ensuring public health, safety, and welfare. The Office ascertains competency of care via the licensure of health care professionals, the enforcement of standards of practice, and the dissemination of information to healthcare practitioners and to the public.

Activity 70140 Federal Programs Office -- updated

Functional Statement

The Office of Federal Grants (OFG) presently has oversight of fifty (50) individual grant projects with responsibility for ensuring that each program operates within the prescribed Federal Laws Uniform Guidance 2C.F.R.200. OFG determines which projects are appropriate to pursue through submission of new grant applications. The Office manages federally-funded project portfolios, ensures each project is budgeted and approved for online spending by the Department of Finance and the Office of Management and Budget, processes financial reimbursement draw-downs for goods and services procured, and officially closes each project period in collaboration with each Federal granting agency. OFG manages the indirect cost administrative budget to ascertain program compliance, and formulates monthly and quarterly cash management reports.

The focus of the Federal Programs Office grants management from Fiscal Year 2013 and beyond is to ensure total compliance with the Federal Funding Accountability and Transparency Act of 2006. The OFG will maintain a focus of continued performance improvement to include compliance training for directors of the various federal programs, to facilitate fluent knowledge of federal funding governing circulars. The OFG will also research issues of noncompliance and assist directors of relevant programs to come into compliance.

Department of Public Works

Activity 61000 Commissioner's Office

Functional Statement

The Commissioner's Office manages and supervises the Department of Public Works (DPW) and its Division Heads. It plans and coordinates initial applications for federal grants and ensures departmental compliance with guidelines and agreements with federal agencies.

One of the components of the Commissioner's Office is the Disadvantaged Business Enterprise (DBE) Program which is responsible for managing the subcontracting opportunities available to small businesses performing work on the Department of Transportation's assisted projects. The program annually assesses DBE participation on these Federal Highway Administration /Federal Transit Administration contracts.

Activity 61120 Planning and Design

Functional Statement

The Planning and Design Unit plans and coordinates the programming of federal and local funds for highway construction and safety programs over a five (5) year period; provides management, engineering, design and inspection services, including planning, designing, cost-estimating and constructing of all highway projects; acquires right-of-way (ROW) for highway projects throughout the Territory; and conducts various highway planning studies on the Territorial Highway System.

The Unit (Office of Highway Engineering/Federal-Aid Highway Program) plans and coordinates the programming of federal funds for highway construction and safety programs over a five (5) year period through the Territory-Wide Transportation Improvement Plan (TTIP); provides preliminary engineering services, design, inspection and project management in the administration of Federal-Aid Highway projects (as per the current Highway Bill SAFETEA-LU under Title 23 U.S.C.); acquires right-of-way (ROW) for highway projects throughout the Territory; and conducts various highway planning studies for the Territorial Highway System.

The Office of Highway Engineering ensures that the projects programmed on the TTIP are prepared and delivered to construction in accordance with Federal-Aid established requirements, and that the Territory fulfills its commitment as per the Stewardship Agreement between the United States Virgin Islands and the Federal Highway Administration. These projects play a vital role in the Capital Improvement Program to improve and maintain infrastructure.

Department of Tourism

Org 92000 Administration and Management

Functional Statement

The Administration and Management Unit is responsible for ensuring that the department operates in accordance with local and federal rules.

This Unit provides daily oversight and management of the entire financial operations of DOT, administers annual budgets and ensures that disbursements of funds in accordance with authorized amounts and comply with the rules and regulations governing the purchase and acquisition of goods and services. This Unit provides financial leadership and support to all divisions and collaborates with division heads to meet mandates and works in tandem with other financial institutions in resolving and reporting all issues and concerns regarding the disbursement of funds. The Unit is charged with providing all financial data when reporting to legislative inquiries and making appearances at budget hearings. Periodically, the Unit must conduct audits of the financial operations of all offices operating outside of the Territory of the Virgin Islands. This Unit is also responsible for overseeing the Department's human resource needs and services, such as compensation, hiring, performance management, organization development, safety, wellness, benefits, employee motivation, communication, administration, training, and collective bargaining.

Org 92020 Film Promotion

Functional Statement

The Office of Film Promotion advances, markets and advertises the U.S. Virgin Islands as a location for the production of audio-visual commodities. Activities within the Film Division remain an important part of the destination's tourism mix, contributing millions to the local economy. The Department will continue to encourage a variety of productions such as television, still shoots, music videos and feature films, using the USVI as backdrop. With the recent passing of the S.T.A.R.S. Act, the Department anticipates increased activity during this fiscal year.

Org 92100 Tourism Administration

Functional Statement

The Administration Unit manages the daily operations of the Department, such as planning, implementation, supervision, and coordination of all programs. This includes the Greeters, the Stranded Passengers program, the Visitor's Bureau, and Welcome Centers. It has oversight of all advertising, public relations, and promotional programs for the U.S. Virgin Islands.

This Unit coordinates and executes all internal and external activities for the Department, serving as liaison between clients and vendors. It has an unwavering commitment to build productive, beneficial, and collaborative relationships with other government agencies, the private sector, and other organizations. Good customer service before, during and after each guest's visit is essential to the overall promotion of the U.S. Virgin Islands as a premier tourism destination. Stationing Greeters at airports, cruise ports, and downtown ensures that guests receive a hassle-free experience and obtain guidance, directions, information, and assistance as needed. The Stranded Passengers' Assistance Program provides support during unforeseen events, such as lost luggage, or rescheduled flights, and procures transportation and meal and hotel vouchers during long delays. By offering emotional support as an "island friend," trained team members transform travel setbacks into positive experiences for guests.

Org 92110 Convention and Visitors' Bureau - STT/STJ/STX

Functional Statement

The Convention and Visitor's Bureau provide direct support services to current and prospective visitors through various services, including disbursement of informational brochures, pamphlets, and other promotional materials. The Cruise Ship Division compiles relevant statistics concerning passengers, provides promotional and support services in cooperation with cruise ship companies, and distributes information at disembarkation sites. The Bureau also prepares the bi-annual cruise ship schedules.

Communication is essential to successful promotion of the U.S. Virgin Islands. The Visitors' Bureau and Welcome Centers provide information about the Territory as passengers disembark the cruise ships. Trained staff offer direct support services to on-island and prospective visitors from convenient, handicap-accessible locations. DOT's team also handles a substantial volume of communications – verbal, email, post, and fax – responding cordially to a wide variety of queries and requests for assistance on any topic related to the V.I. The Bureau regularly reviews and analyzes complaints and takes prompt, corrective action.

AUTONOMOUS AND SEMI-AUTONOMOUS AGENCIES

Autonomous and Semi-Autonomous Agencies

Government Employees' Retirement System

GERS was established by Act No. 479 as an independent and separate agency of the Government of the United States Virgin Islands. Responsibility for the operation of the System and the provisions of the V.I. Code are vested in the Board of Trustees, which is composed of seven (7) members; five (5) of whom are appointed by the Governor with advice and consent of the Virgin

Islands Legislature. Two (2) members are retirees. The following members comprise the current Board:

- 1) Dr. Wilbur Callender, Chairperson;
- 2) Judge Edgar Ross, Vice-Chairperson;
- 3) Carol Callwood, Member;
- 4) Vincent Liger, Member;

- 5) Desmond Maynard, Esq., Member;
- 6) Michael McDonald, Member; and
- 7) Leona Smith, Member.

The Administrator/CEO of GERS is Mr. Austin Nibbs, CPA, CGMA.

Virgin Islands Port Authority

The Virgin Islands Port Authority (VIPA) was created through Act. No. 2375 of the Seventh Legislature of the Virgin Islands on December 24, 1968. Act No. 2405 later changed the official establishment date of the Authority to February 11, 1969. The Act established VIPA as a semi-autonomous agency charged with the ownership, operation, development, and management of all air and marine ports in the United States Virgin Islands. The Authority is also responsible

for the Territory's harbors, but it does not control the mooring and anchoring of vessels. It is governed by a Board of Directors which sets policy. The Executive Director is responsible for implementing these policies and overseeing the day-to-day operation of the agency. The Board is comprised of nine (9) members who represent St. Thomas, St. Croix, and St. John. Four (4) members of the Governor's Cabinet sits on the Board and serve at the discretion of the Governor. The five (5) other Board positions are reserved for private citizens who are appointed by the Governor and are subject to the approval of the Legislature of the Virgin Islands. These members are appointed to a three (3) year term of office and each is eligible for reappointment. The current members of the Board are the following:

- 1) Roberto Cintron, Chair;
- 2) Laurel Hewitt-Sewer, Vice Chair;
- 3) Jose Penn, Secretary;
- 4) Gustav James, Member;
- 5) Beverly Nicholson-Doty, Member;

- 6) Yvonne E.L. Thraen, Member;
- 7) Claude E. Walker, Member;
- 8) Vacant; and
- 9) Vacant.

The Executive Director of the Virgin Islands Port Authority is Mr. Carlton Dowe.

Virgin Islands Water and Power Authority

In 1964, the Authority was created as an instrumentality of the Government of the U.S. Virgin Islands (the "Government") pursuant to Chapter 5 of Title 30 of the U.S. Virgin Islands Code, as amended by Act 4108, approved on March 1978 and Act 4497 approved on October 23,

1980 (the "Virgin Islands Water and Power Authority Act" or the "Act"), for the purpose of developing an adequate electric and water supply for the Virgin Islands. Pursuant to the powers established by the Act, the Authority owns, operates and maintains electric generation, distribution, and general plant facilities that supply electric power and energy to over 54,000 customers in the U.S. Virgin Islands, which include the islands of St. Thomas, St. Croix, and St. John. The Authority also provides electric service to Hassel Island and Water Island, which are located near the St. Thomas harbor. Generally herein, references to the number of customers, sales and loads on the island of St. Thomas include data associated with the island of St. John, Hassel Island, and Water Island

The Acting Executive Director of the Virgin Islands Water and Power Authority is Mr. Julio Rhymer. The following are WAPA's Board Members:

- 1) Gerald Groner, Board Chair;
- 2) Juanita Young, VIce Chair;
- 3) Noel Loftus, Secretary;
- 4) Elizabeth Armstrong, Member;
- 5) Cheryl Boynes Jackson, Member;

- 6) Devin Carrington, Member;
- 7) Gustav James, Member; and
- 8) Marvin Pickering, Member.

Virgin Islands Public Finance Authority

The Virgin Islands Public Finance Authority (PFA or the Authority) was created by Act No. 5365 as a public corporation and autonomous governmental instrumentality, operating on behalf

of the Government of the U.S. Virgin Islands (the Government). Its primary duties are: (1) to aid the Government of the U.S. Virgin Islands in the performance of its fiscal duties; (2) to raise capital, public or private, for essential public projects; and (3) to create programs and enter into contracts which will support the financing needs of the Government, promote economic recovery and contribute to the stability of the Territory's economy.

The U.S. Virgin Islands Code provides that the debts, obligations, contracts, bonds, assets, receipts, expenditures, accounts, funds, facilities, and property of the Authority shall be deemed to be those of the Authority and not to be those of the Government, or any of its Offices, Bureaus, Departments, Agencies, Commissions, Branches, Agents or employees.

The PFA is headed by Ms. Joanne E. Bozzuto, the Director of Finance and Administration, under the direction of the Executive Director and the Board of Directors that is chaired by the Governor of the United States Virgin Islands, the highest elected official of the Territory. The members of the PFA's Board of Directors are as follow:

- 1. Governor Kenneth E. Mapp, Chairman;
- 2. Valdamier O. Collens, Executive Director of the PFA (Commissioner, Department of Finance)
- 3. Nellon Bowry, Member (Director, Office of Management and Budget)
- 4. Pablo O'Neill, St. Croix District Member,
- 5. Keith O'Neale, Jr., Secretary and St. Croix District Member.

Currently, two Board vacancies exist for the St. Thomas/St. John/Water Island District.

viNGN, Inc. - Virgin Islands Next Generation Network

viNGN, INC. d/b/a Virgin Islands Next Generation Network (viNGN) was created as a public corporation on October 22, 2010, rather than as a private corporation, and established as a wholly-owned subsidiary of the Virgin Islands Public Finance Authority (PFA), just as with the PFA-owned West Indian Company Limited (WICO).

viNGN, INC.'s primary purpose is to design, engineer, construct, develop, and operate a wholesale, 100% fiber optic cable, open access, high speed broadband network, in order to provide more accessible, reliable, high speed internet connections at affordable prices and on equitable terms to ALL retail Internet Service Providers (ISPs), other broadband service providers, and public infrastructure stewards, who will, in turn, provide improved internet and other broadband services to businesses, residences, and government operations. viNGN's unprecedented build-out of a wholesale, 100% fiber optic, open access, high speed broadband network across the four (4) inhabited United States Virgin Islands, with direct connections to the U.S. mainland and to the rest of the world, is designed to accelerate broadband deployment in unserved and underserved areas, to encourage broadband use/adoption, and to support institutions that are most likely to provide significant public benefit(s).

The members of viNGN's Board of Directors are as follows:

- 1) Kenneth E. Mapp, Chairman;
- 2) Dr. Peter Schultz;

- 3) Elizabeth Armstrong; and
- 4) Jose Luis Garcia Serrano.

West Indian Company Limited

The West Indian Company Limited was created in 1993 by the Legislature of the United States Virgin Islands (USVI) through the enactment of Act No. 5826, which approved the stock purchase agreement between the Government of the Virgin Islands and Selandia Finance and Investment B.V. for the purchase of WICO.

WICO's operations consist of servicing cruise ships owned by established shipping lines and leasing building space and land to third parties pursuant to a management agreement with the Government Employees' Retirement System (GERS). WICO is composed of four (4) departments: Marine & Cruise Operations, Construction, Leasing and Maintenance (CLM), Security and Accounting.

The members of WICO's Board of Directors are as follows:

- 1) Randolph Knight, Chairperson;
- 2) Joyce Dore Griffin, Vice Chairperson;
- 3) Edward Thomas, Secretary;
- 4) Michael Watson, Chairperson of the Finance Committee;

- 5) Joseph Boschulte, Board Member;
- 6) Beverly Nicholson-Doty, Board Member;
- 7) Roberto Cintron, Board Member;
- 8) Mike Daswani; and
- 9) Ricardo Lettsome, Board Member.

The President and Chief Executive Officer of WICO is Joseph Boschulte.

Virgin Islands Economic Development Authority

The Virgin Islands Economic Development Authority ("VIEDA" or "Authority") is a semi-autonomous governmental instrumentality responsible for the development, promotion and enhancement of the economy of the U.S. Virgin Islands.

The VIEDA is the umbrella organization which assumes, integrates, and unifies the functions of the following subsidiary entities: the Economic Development Bank ("EDB"), the Economic Development Commission ("EDC"), the Economic Development Park Corporation ("EDPC"), and the Enterprise and Commercial Zone Commission ("ECZC").

The VIEDA operates under one Governing Board ("Board") in order to achieve maximum efficiency of operation to avoid duplication of services, positions, and responsibilities; to reduce expenses of personnel, physical plant and operations; and to develop comprehensive programs for the economic development of the U.S. Virgin Islands. The VIEDA is a vehicle by which the Virgin Islands Government develops and nurtures the economic growth of the Territory. According to the legislation which governs the VIEDA, the Authority shall be governed by a seven (7) member board. Of the seven (7) members, three (3) shall not be employees of the Government of the Virgin Islands or the Government of the United States and shall be appointed by the Governor, with the advice and consent of the Legislature, for a term of three (3) years. Of the three (3) non-governmental employees, one must be a resident of St. Thomas, one must be a resident of St. John, and one must be a resident of St. Croix. Three (3) members shall be cabinet-level appointees. One (1) member shall be appointed from either the Board or executive staff of the Employees Retirement System of the Government of the Virgin Islands, Virgin Islands Port Authority, or the University of the Virgin Islands. Government members shall serve during the term of their government position, at the pleasure of the Governor, and may not receive compensation for their service on the Board. Non-government members are compensated at a rate of \$75.00 a day, or any fraction thereof. All members are entitled to per diem or reimbursement for necessary travel expenses.

Members of the Board of Directors are as follows:

- 1) José A. Penn, Interim Chairperson;
- 2) Phillip Payne, Interim Vice-Chairperson;
- 3) Avery Lewis, Secretary;
- 4) Haldane Davies, Member;

- 5) Juan Figueroa, Member
- 6) Catherine Hendry, Member; and
- 7) Simon Jones Hendrickson, Member.

The Acting Chief Executive Officer ("CEO") of the VIEDA is Mr. Wayne A. Biggs.

Virgin Islands Housing Authority

The Virgin Islands Housing Authority and the United States Department of Housing and Urban Development (HUD) entered into Annual Contributions Contract No. PR-37, dated May 26, 1959, as amended thereafter, pursuant to which the VIHA agreed to develop and operate certain low-rent housing, with the United States Department of Housing and Urban Development maintaining the low-rent character of such housing. The

Housing Authority's powers, duties, and functions are pursuant to V.I. Code Ann. Title 29, Chapter I, as amended by Act No. 5523.

VIHA is federally funded through three primary programs: 1) the Public Housing Program; 2) the Housing Choice Voucher Program (HCVP); and 3) the Capital Fund Program (CFP). Total annual federal funding for all programs averages approximately \$40 million. Public Housing receives \$21 million; HCVP, \$14 million and CFP, \$5 million.

VIHA's fiscal year is a calendar year and the combination of several funding sources facilitates a full time staff allocation of 181 employees.

The current business model (asset management) for Public Housing comprises eleven (11) overall cost centers, ten (10) cost centers or groupings of properties, and one (1) Central Office Cost Center (COCC) that comprises a main office in each district. In Fiscal Year 2015, the Housing Authority has projected expenses of approximately \$25M. To cover these expenses, there are two (2) primary sources of funds: rental income and a subsidy from HUD. If those two sources are insufficient, the Low Income Housing Operating Budget is supplemented with funds from the CFP.

The eleventh primary cost center is the COCC (main offices in St. Thomas and St. Croix) which has revenues of \$3.6M and expenses of \$3.5M. The COCC performs administrative functions (e.g. finance, IT, auditing, reporting to HUD) and is funded through fees charged to the ten project groupings and the voucher program for centralized services.

Virgin Islands Housing Finance Authority

The Virgin Islands Housing Finance Authority (VIHFA) was created in 1981 by the Legislature of the United States Virgin Islands (USVI) through the enactment of Act No. 4636, the Virgin Islands Home Owners Construction and Mortgage Assistance Act. The Authority was created to

address the existing shortage of low- and moderate-income housing in the Territory. The Authority is composed of six (6) service providing Units: Homeownership, Planning and Construction, Federal Programs, Collections and Servicing, Accounting, and Rental Properties.

The members of the VIHFA Board of Directors are as follows:

- 1) Nellon L. Bowry, Chairperson;
- 2) Calford S. Martin, Secretary;
- 3) Dawn L. Henry, Esquire, Board Member; and
- 4) Carmen M. W. Hedrington, Board Member.

The Executive Director is Ms. Adrienne L. Williams.

Virgin Islands Lottery

The Virgin Islands Lottery (VIL) was founded in 1937 and its mandate was amended in 1971, within Title 32, Chapter 13 of the Virgin Islands Code. VIL is an instrumentality of the Government of the United States Virgin Islands and is the oldest continuous lottery of any state or territory. For the past seventy-eight (78) years, VIL has been part of the social

structure of the Territory of the Virgin Islands. From its inception, the traditional or "passive game" has been its staple, providing employment and a means of extra income for participants. The Lottery has experienced significant growth and development. VIL has increased its portfolio of games as a value-added measure and as a means of increasing players' satisfaction. As a result, the agency has become a more visible and viable contributor to the economy of the U.S. Virgin Islands.

An Executive Director, appointed by the Governor and supervised by the Virgin Islands Lottery Commission, manages VIL, the official lottery of the Virgin Islands. The Commission is comprised of the Department of Finance Commissioner, the Office of Management and Budget Director and five (5) appointed members. Each member of the Commission serves for a period of four (4) years. The Lottery Commission is the policy-making body, providing

advice and oversight on operating and administrative activities. The Commission is authorized to promulgate rules and regulations governing the establishment and operations of the Lottery. The rules and regulations may include, but are not limited to, the passive game, lotteries conducted and classified as video gaming machines, slot machines, or any other type of gaming machine or device.

The Virgin Islands Lottery operates its income as an enterprise-fund parallel to operations in the private sector and uses the full accrual basis of accounting in accordance with the Generally Accepted Accounting Principles (GAAP) in the United States of America.

Virgin Islands Public Television System - WTJX

The Virgin Islands Public Television System with the FCC-granted call letters, WTJX, was created on November 13, 1968 as an independent, autonomous instrumentality. Governor Ralph M. Paiewonsky created the Virgin Islands Public Television Commission in the 60s and requested a feasibility study to recommend the best structure for Public Television in the

Virgin Islands. Subsequently, the Virgin Islands Public Television System, otherwise known as WTJX, was established by Act 2364, by the Seventh Legislature of the Virgin Islands.

For over 40 years, WTJX has provided quality television to the people of the Virgin Islands and enriched lives, stimulated thinking, and increased public understanding of our complex world. WTJX has gone all digital, light years ahead of the analog broadcast signal that had been in use for more than 50 years. By converting to digital technology, WTJX ensures that our culturally and socially diverse audience has access to free, locally-based, enriching programs and education services.

As are all Public Television Stations, the Virgin Islands Public Television System is eligible for funds from the Corporation for Public Broadcasting (CPB), which is a private corporation created by the Federal government. It is the largest single source of funding for television and radio programming; and, like all broadcast outlets, the Virgin Islands Public Television System is regulated by the Federal Communication Commission (FCC). WTJX is an affiliate of the Public Broadcasting Service (PBS) a private, non-profit media enterprise, owned and operated by member stations. PBS produces and distributes rich, high-quality, television programs. The Government of the Virgin Islands' Executive and Legislative Branches, which appropriates and allots 85% of funds for WTJX's operation, exercise some oversight.

The Chief Executive Officer is Ms. Tanya-Marie Singh, who is responsible for the day-to-day operation of the System. WTJX-TV Channel 12 is run by a Board of Directors. The following are the current board members of the Virgin Islands Public Television System:

- 1) Jose Raul Carrillo, Chairman;
- 2) George Moore, Vice Chairman;
- 3) James A.D. Francis, Treasurer;
- 4) Dr. Eugene Petersen, Secretary;
- 5) Dr. Laverne E. Ragster, Member;

- 6) Dr. David Hall, Member;
- 7) Dr. Sharon McCollum, Member;
- 8) Nandi Sekou, Member;
- 9) Kimberly Jones, Member;
- 10) Nellon Bowry, Member

Election System of the Virgin Islands

The Election System of the Virgin Islands (ESVI) was created through Act No. 936 on February 20, 1963, by the Legislature of the Virgin Islands. The authority for the Election System of the Virgin Islands is derived from Title 18 of the Virgin Islands Code. The statute establishes the organizational structure of the Agency, which is comprised of four divisions: Joint Boards of Elections, St. Thomas-St. John District Board of Elections, St. Croix District Board of Elections,

and the Office of the Supervisor of Elections. Each District Board of Elections consists of seven (7) members elected from the respective districts for a four (4) year term; the St. Thomas-St. John District must include two (2) members who reside on the island of St. John. The Boards are the policy making bodies of the Election System of the Virgin Islands.

The following are current members of the Joint Boards:

- 1) Arturo Watlington, Jr., Esq., Chair;
- 2) Adelbert M. Bryan, Vice-Chair;
- 3) Glenn Webster, Secreatry;
- 4) Barbara Jackson McIntosh;
- 5) Lilliana Belardo de O'Neal;
- 6) Raymond J. Williams;
- 7) Roland Moolenaar;

- 8) Lisa Harris Moorhead;
- 9) Alecia Wells;
- 10) Carla J. Joseph;
- 11) Ivy K. Moses;
- 12) Diane J. Magras-Urena;
- 13) Lawrence Boschulte; and
- 14) Lydia Hendricks.

The Supervisor of Elections is Ms. Caroline Fawkes.

Hospital and Health Facilities Corporation

In accordance with Act No. 6012, as amended by Act No. 6279, the Virgin Islands Government Hospital and Health Facilities Corporation was established to ensure that quality, comprehensive health care is available to residents and visitors throughout the territory. The Corporation, whose authority was expanded to incorporate the functions of human resources, the procurement of goods and/or services, and the financial management of the Hospital Revolving Fund, is committed to providing effective, affordable quality health care by implementing a new management structure that preserves decentralized control over health care facilities, yet incorporates the benefits of territory-wide planning and coordination.

Schneider Regional Medical Center

The Schneider Regional Medical Center (SRMC) is a semi-autonomous agency within the Virgin Islands Government. Our facilities include the Roy Lester Schneider Hospital, the Charlotte Kimelman Cancer Institute, and the Myrah Keating Smith Community Health

Center on St. John.

SRMC's hospital is a 169-bed, licensed facility that offers a plethora of services. The Cancer Institute has advanced technology in cancer detection and treatment, and the Myrah Keating Smith Community Center provides a variety of primary health care services and is the only health center on St. John that offers 24-hour urgent care, seven (7) days a week. SRMC has a solid base of highly skilled and qualified physicians, surgeons, and clinical practitioners committed to providing optimal care. SRMC is exploring opportunities to expand its services at all three (3)

facilities and add new technology to further enhance the quality of care we provide, such as digital mammography, pacemaker insertions, surgical ablations (as an alternative to total hysterectomies), and electroconvulsive therapy.

Governor Juan F. Luis Hospital and Medical Center

The Governor Juan F. Luis Hospital's mission is to drive the improvement of the health of those we serve, while exemplifying compassion and respect.

All hospital personnel integral parts of a team that encourages innovation and single-minded dedication to improving the health of those we serve. We pledge to improve the quality of healthcare through a disciplined approach involving a significant investment of commitment, time, capital, and collaboration. In future years, we will attract and retain first-rate team members who will achieve extraordinary results for those who we serve. The quality of our customer service will attract patients and physicians as we continually improve our skills, services, methods and products to ensure enduring results.

JFLH's core responsibilities are:

- To deliver healthcare services of exceptional quality and value
- To create an environment of teamwork that bolsters employee morale
- To recognize and continually develop and encourage partnerships with employees, volunteers, patients, physicians, and other providers
- To generate sufficient profits for our health system to continually improve our ability to provide quality care
- To value and promote respect for and between our patients, their families, physicians, team members, and community
- To foster a strong bond between our community and team members
- To nurture, encourage, and celebrate the growth of our health system
- To continuously develop, research, and implement innovative and efficient healthcare products and services

Office of the Virgin Islands inspector General

The Virgin Islands Inspector General's Office, formerly the Virgin Islands Bureau of Audit and Control, was created on December 14, 1999, with the passage by the Virgin Islands Legislature of Act No. 6333. As a separate, independent agency of the Government of the Virgin Islands, the Virgin Islands Inspector General's Office functions as the major auditing arm of the Government. Act No. 6333 gave the Virgin Islands Inspector General's

Office additional responsibilities to: a) conduct audits, inspections and investigations of programs and operations of the Virgin Islands Government; b) provide leadership in coordinating and recommending policies to promote economy, efficiency and effectiveness in the operations of the Virgin Islands Government; c) investigate and recommend policies to prevent fraud, waste, and abuse; d) refer criminal conduct to the Attorney General for criminal action; and, e) bring monetary losses to the attention of the Attorney General for appropriate recovery by civil suit.

The audit and investigative authority of the Virgin Islands Inspector General's Office extends to all three branches of the Virgin Islands Government, including the semi-autonomous and autonomous instrumentalities. The law requires that audits be performed in accordance with standards established by the United States General Accounting Office and the American Institute of Certified Public Accountants.

Virgin Islands Waste Management Authority

The Virgin Islands Waste Management Authority (VIWMA) was created in January 2004 by the 25th Legislature of the Virgin Islands to provide solid waste and waste water management services to the people of the United States Virgin Islands. Act No. 6638 established the VIWMA as a non-profit, public body, corporate and politic, of the Government of the Virgin Islands (GVI). It is constituted as an autonomous instrumentality of the GVI with a Governing Board of

Directors comprised of seven (7) members, three (3) from the public sector and four (4) from the private sector. The following five Board Members currently serve: Valdamier O. Collens, Acting Chairman; Norbert Rosado, Acting Secretary; LaVerne Ragster, Member; and Gustave James, Member.

The VIWMA provides solid waste collection and disposal services to residential and governmental customers throughout the Territory. Commercial customers must collect and dispose of their solid waste. VIWMA provides waste water collection, treatment, and disposal services to residential, governmental, and commercial customers connected to the public sewer system.

Virgin Islands Board of Education

Virgin Islands Career and Technical Education Board

Virgin Islands Career and Technical Board

The Virgin Islands Career and Technical Board (VICTEB) was established in 1950 by Title 17, Chapter 23, Subchapter I, Subsection 261 and 262. The VICTEB is responsible for the administration of all Career and technical Education (CTE) programs in the territory's schools. Teacher Certification is also the responsibility of the VICTEB along with the approval of all Private CTE schools or programs in the Virgin Islands.

There are three (3) units within VICTEB. The Executive Office implements the VICTEB's initiatives and has oversight of Scholarships. Financial Management has oversight of the Board's accounting and budget management; and the Administrative Office processes and documents information, to include data collection and dissemination.

VICTEB is comprised of five (5) members:

- Daniel P McIntosh: Board Chairman (St. Croix District);
- Ilene Garner: Vice Chairperson (St. Thomas District);
- 3. Ronnie Jones: Treasurer (St. John);
- 4. Adlyn Williams: Secretary (St. Thomas District): and
- 5. Eddie Williams: Member (St. Croix District).

University of the Virgin Islands

The University was opened in July, 1963, with a campus on St. Thomas consisting of 175 acres of land previously occupied by a Navy Department installation and deeded to the University by the federal government for educational purposes. Two types of programs, a liberal arts program and occupational program, were offered leading to an associate in arts degree. To provide educational opportunities for the residents of St. Croix at the University level, an

evening program was established in October 1964 on a 125 acre campus obtained from the federal government.

The University of the Virgin Islands (UVI) is a public liberal arts-based Masters II university, a Historically Black College and University and a Land-Grant institution. UVI has a combined enrollment of approximately 2,500 full-time, part-time and graduate students on its two campuses, St. Thomas and St. Croix. It continues to offer a high quality, affordable liberal arts education and professional programs in a culturally diverse environment. The University's objective is to be recognized as the leading American institution of higher learning in the Caribbean.

The University is currently governed by an 14 member Board of Directors. The Board members are:

- Governor Kenneth E. Mapp, Honorary Chairman;
- 2) Henry C. Smock, Esq., Chairman;
- 3) Alexander Moorhead, Vice Chairman;
- 4) Dr. David Hall, Secretary;
- 5) Dr. Sharon McCollum, Member;
- 6) Oran Bowry, Member;
- 7) Jacqueline A. Sprauve, Member;

- 8) Jennifer Nugent-Hill, Member;
- 9) Dr. Yvonne E. L. Thraen, Member;
- 10) Devon Williams, Member;
- 11) Mary Moorehead, Member;
- 12) Dr. Richard Hall, Member
- 13) Sinclair L. Wilkinson; and
- 14) Dr. Wesley S. Williams, Jr.

In 2009, Dr. David Hall was named the fifth president of the University of the Virgin Islands.

Adult Education Fund

The Adult Education Fund was created pursuant to Title 17, Chapter 21, Section 242, Virgin Islands Code (VIC). All tuition fees paid by students attending evening classes shall be deposited in the Adult Education Fund. Monies shall be disbursed by the Commissioner of Finance exclusively for use of the adult education program, established and authorized by the Commissioner of Education.

Agriculture Revolving Fund

The Agriculture Revolving Fund was created pursuant to Title 33, Chapter 111, Section 3018, VIC. The fund shall consist of all revenues derived from the sale of agricultural products, livestock feeds, fruit trees, ornamentals, animals, water, and the rental of agricultural equipment, and all revenue from the rental or lease of government-owned lands for farming. All monies pertaining to the fund shall be disbursed by the Commissioner of Finance, exclusively for the expenditure of the Department of Agriculture for the purchase of seeds, fertilizers, insecticides, fungicides, other agricultural and farm equipment, and for the production and encouragement of temporary agricultural workers for planting and reaping.

Anti-Litter and Beautification Fund

The Anti-litter and Beautification Fund was created pursuant to Title 33, Chapter 3, Section 42, VIC. It consists of advance disposal fees required to be credited to the fund, and other amounts appropriated thereto from time to time by the Legislature. No money in the fund shall be available for expenditure except as appropriated annually by the Legislature and disbursed by the Commissioner of Finance for the following purposes: establishment of recycling programs and redemption centers; reimbursement of redemption centers, established under Title 19, Section 1557a, for sums paid in exchange for materials turned in for recycling, in an amount to be determined by the Anti-litter and Beautification Commission; roadside cleanup and beautification; removal and disposal of abandoned vehicles; increased enforcement of anti-litter laws; anti-litter educational campaigns; administration and expenses in an amount not to exceed thirteen percent of the deposits to the fund in any fiscal year; and such other purposes or activities of the Anti-litter and Beautification Commissions as are consistent with the purposes of Title 19, Chapter 56, VIC. Act No. 6638 transferred the administration of the fund to the direction of the Waste Management Authority.

Budget Stabilization Fund

The Budget Stabilization Fund was created pursuant to Title 33, Chapter 111 Section 3100m. Its source of revenue is an annual appropriation of not less than ten million dollars or any fiscal year end surplus within the Treasury of the Virgin Islands. Funds can be transferred from the Budget Stabilization Fund for the purpose of offsetting any deficit in the General Fund at the end of a fiscal year which occurs when the sum in the General Fund is less than the appropriations during a fiscal year. Transfers can also be made to offset a temporary shortfall in the General Fund caused by lagging revenue collections or to provide emergency funding for disaster recovery in a state of emergency declared by the Governor. Any funds in excess of five percent of the total appropriations from the General Fund for the fiscal year in progress must be applied to the Government's long-term debt, unfunded pension liability, and bond indebtedness. The Commissioner of Finance shall disburse monies in the Fund upon the authorization and direction of the Director of the Office of Management and Budget. Any sum used to offset a temporary shortfall must be repaid to the Fund by the end of the fiscal year. The Commissioner of Finance and the Director of the Office of Management and Budget shall submit a report of any allocations, expenditures, and obligations to the Governor and the Legislature within sixty days after disbursement.

Bureau of Motor Vehicles Fund

The Bureau of Motor Vehicles Fund was created pursuant to Act No. 6761, Section 232. The fund shall consist of all monies received as fees collected by the Bureau of Motor Vehicles under the provisions of Title 20, Chapter 39 of VIC, and any sums appropriated by the Legislature. Upon the certification of the Director of the Bureau of the Motor Vehicles, the Commissioner of Finance shall disburse the greater of ten percent of the fund or one million dollars for the purchasing of supplies, equipment, and personnel services, along with the operating expenses of the Bureau of Motor Vehicles.

Business and Commercial Properties Revolving Fund

The Business and Commercial Properties Revolving Fund was created pursuant to Title 31, Chapter 21, Section 202, VIC, as a separate and distinct fund within the Treasury of the Virgin Islands. Its source of revenue is rentals and other income derived from the properties managed by the Department of Property and Procurement. There is appropriated annually from the Business and Commercial Properties Revolving Fund, funds that are necessary for the management of properties, services, materials, and other costs connected with such properties.

Caribbean Basin Initiative Fund

Its source of revenue is the total excise tax revenue, collected by the U.S. Excise Tax Division on all non-US rum imported into the United States, which is annually rebated to the United States Virgin Islands. This funding is appropriated by the Legislature as a contribution to the General Fund.

Casino Revenue Fund

The Casino Revenue Fund was created and established in the Department of Finance pursuant to Title 32 section 515 and 516(a) (1) VIC. Monies in this fund shall be appropriated exclusively for the following purposes: fifteen percent to hospitals and health; eighteen percent to education; twenty percent to the Department of Sports, Parks and Recreation; ten percent to the Department of Agriculture; five percent to tourism and casino promotion; eight percent to the Union Arbitration Award and Government Employees Increment Fund; one percent to VI Bureau of Internal Revenue; five percent to the University of the Virgin Islands; ten percent to the Casino Control Commission; five percent to Public Safety; one percent for Gambling Addiction and Education Programs; and two percent for the reconstruction and rehabilitation of two historic district towns in St. Croix.

Central Motor Pool Fund

The Central Motor Pool Fund was created pursuant to Title 33, Chapter 111, Section 3044, VIC for the acquisition, identification, operation, maintenance, storage, supervision, control, and regulation of all of the territorial government-owned motor vehicles. It consists of all sums appropriated by the Legislature and from the proceeds of all sales of government-owned motor vehicles. The Fund shall be disbursed by the Commissioner of Finance at the direction of the Commissioner of Property and Procurement.

Central Warehousing and Inventory Fund

The Central Warehousing and Inventory Fund was created pursuant to Title 3, Chapter 13, Section 220, VIC. The Director of the Office of Management and Budget is authorized to transfer to the Department of Property and Procurement, in whole or in part, the amount appropriated for materials, equipment or supplies in any fiscal year for any department or agency of the executive branch or any board or commission. The transfer shall be for the purpose of procurement of materials, supplies, equipment, parts, and other operating tools for all departments, agencies, boards, and commissions of the Government of the Virgin Islands. The purpose of the fund shall be to facilitate prompt payment of bulk purchases where such prompt payment will result in a discount of the purchase price. The Commissioner of Property and Procurement shall ensure a steady supply of materials, supplies, equipment, parts, and other operating tools of each department, agency, board, and commission within each fiscal year.

Consumer Protection Fund

The Consumer Protection Fund was created pursuant to Title 33 Chapter 111, Section 3062 VIC to protect the public from fraud, confusion, deception, misrepresentation, and other fraudulent practices within the market place. It consists of all sums appropriated by the Legislature and all fines and penalties imposed by courts and the Commissioner of Licensing and Consumer Affairs for violations of the Consumer Protection Laws of Title 12A, VIC. Monies shall be disbursed by the Commissioner of Finance, upon the authorization of the Commissioner of the Department of Licensing and Consumer Affairs.

Corporation Division Revolving Fund

The Corporation Division Revolving Fund was created pursuant to Title 33, Chapter 111, Section 3085, VIC. The fund shall consist of ten percent of the total monies collected by the Division of Corporation of the Office of the Lieutenant Governor, including ten percent of all fines, penalties, and such sums appropriated by the Legislature, all of which shall remain available until expended. Monies shall be disbursed from the fund by the Commissioner of Finance, upon the authorization and direction of the Lieutenant Governor, for the purpose of purchasing and maintaining microfilm and data processing equipment, and the purchase of related supplies and equipment, for staffing and other necessary equipment and services.

Crime Prevention/Prosecution Fund

The Crime Prevention/Prosecution Fund was created pursuant to Title 33, Chapter 111, Section 3051, VIC for the purpose of discharging the Department of Justice's responsibility for criminal law enforcement and prosecution, and for extradition of fugitives to and from other jurisdictions. It consists of sums appropriated by the Legislature, all fines imposed by courts for violations of Title 14 of the VIC, sums collected from forfeited bail, proceeds from public sale of confiscated property and sale of donated properties, and grants and contributions specifically for the purposes of this Fund. Monies shall be disbursed by the Commissioner of Finance upon the authorization of the Attorney General.

Crisis Intervention Fund

The Crisis Intervention Fund was created pursuant to Title 33, Chapter 111, Section 3091. It consists of monies appropriated and deposited into the Crisis Intervention Fund each year from the Caribbean Basin-Initiative Fund and the Internal Revenue Matching Fund, as authorized by law and, other sums appropriated by the Legislature. Monies shall be disbursed from the fund by the Commissioner of Finance, upon the authorization of the Commissioner of the Department of Human Services, for the purpose of funding programs relating to family and youth crisis intervention services and disbursement of grants to authorized youth organizations as provided by law. However, no more than twenty percent of the monies disbursed from the Crisis Intervention Fund shall be used for personnel services.

Data Processing Revolving Fund

The Data Processing Revolving Fund was created pursuant to Title 33, Chapter 111, Section 3016, VIC. It consists of all monies paid or otherwise made available to the Government of the Virgin Islands for the development of Data Processing Systems, or in payment for data processing services provided to agencies and departments or instrumentalities. The Fund shall be disbursed by the Commissioner of Finance exclusively for the expenditure of the Department of Finance for any and all supplies and equipment, contractual services, and other necessary services as may be incidental thereto, for the operation and maintenance of Data Processing Services within the Department of Finance.

Emergency Housing Fund

The Emergency Housing Fund was created pursuant to Title 21, Chapter 29, Section 206 VIC. The sum of one hundred fifty thousand dollars shall be appropriated from the General Fund of the Treasury of the Virgin Islands. The Fund shall be expended for the construction and operation of emergency housing as authorized in Sections 201-205 of Title 21, for the stimulation of private home construction through programs authorized by the Governor, and for the improvements to housing developments under the jurisdiction of the Virgin Islands Housing Finance Authority.

Emergency Services Fund

The Emergency Services Fund was created pursuant to Title 33, Chapter 111, Section 3099, VIC and amended by Act No. 6333, Section 29. It consists of all the proceeds from the emergency surcharges added to any telephone, electrical, sewage, or other utility bill or tax schedule; grants, donations, and gifts specifically for the use set forth of this fund; and all sums appropriated by the Legislature. Monies in the Emergency Services Fund shall be expended by the Commissioner of Health, the Director of VITEMA, or the Director of Fire Services for the purchase of equipment, professional services, or supplies necessary to provide, maintain, and improve the emergency medical services, fire services, or 911 emergency services and equipment.

Financial Services Fund

The Financial Services Fund was created pursuant to Act No. 6727, Section 15. The fund shall consist of all monies collected by the Division of Banking and Insurance of the Office of the Lieutenant Governor pursuant to Title 9, VIC, and such sums as appropriated by the Legislature, all of which remain available until expended. Monies shall be disbursed from the fund by the Commissioner of Finance, upon authorization and direction of the Lieutenant Governor, for the purpose of providing staffing and services, purchasing and maintenance of equipment, and for such other utilization as may be determined by the Banking Board of the Virgin Islands.

Appropriation Transfer

A reprogramming of funds as authorized by Title 2, Chapter 2, Section 28(b), Virgin Islands Code, which can only be effectuated through a departmental request transmitted through the Director of the Office of Management and Budget to the Governor, and from the Governor to the Legislature for final approval.

- The following types of transfers require the approval of the Legislature as a Whole:
 - 1) Transfers between two different funds
 - 2) Transfers from one department to another

Appropriation Transfer (continues)

The following transfer requires the approval of the Legislature, Committee on Finance:

• Transfers between budgeted line items or organizations (activity centers) within the same department and fund.

Balanced Budget

When the general fund projected revenues or general fund net revenues equals projected expenditures, plus or minus transfers to or from other funds and financial sources (uses).

Baseline

Current level at which the organization is performing.

Benchmark

A standard or point of reference used in measuring and/or judging quality value.

Budget

A plan of financial operations, embodying an estimate of projected expenditures for a given period, and the corresponding proposed resources for funding the same.

Budget Adjustments

Changes to appropriations (Budgets) to include supplements, decreases, or reprogramming, including appropriation transfers and apportionments.

Budget Category

An account in which the aggregate is recorded for all related objects (e.g. personnel service cost is a budget category that is supported by the related individual detailed objects such as classified, unclassified, and part-time).

Calendar Year

January 1st to December 31st of the same year.

Capital Improvement

Capital Improvements are defined as physical assets, constructed or purchased, that have a useful life of ten (10) years or longer. Exceptions have been made for inclusion of a few projects that do not meet the above criteria, for example, ADA para-transit vans, to make them more visible to the public and the Legislature.

Capital Outlays

Expenditures which result in the acquisition of, or addition to, fixed assets. They should be classified under the following objects: land; buildings; improvements other than buildings; machinery and equipment.

Central Service Cost Allocation Plan

Comparable to the college and university long form, each central service is treated as a separate cost pool and distributed to each operating department or agency it serves. This distribution is accomplished through billing rates or particular services rendered (e.g. cost per mile for use of a motor vehicle, dollar per audit, or computer usage rates) or through an allocation basis on an indication of use (e.g. accounting based on the number of transactions or checks written or occupancy based on square footage or space occupied). The costs distributed through the central service cost allocation plan are subsequently included in the department's indirect cost proposal or included where they can be identified with a grant as a direct cost.

Chart of Accounts

A list of all asset, liability, fund balance, revenue, and expense accounts.

Debt Service Fund

A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Department

An organization within the Executive Branch, which under general laws has an independent existence and the authority to receive and expend appropriations as set by law.

Effectiveness Measure

An indication of the degree to which a program will achieve its objective.

Encumbrance

The purchase in an expense account at the time an item is ordered. The Encumbrance reduces the available budget by the purchase amount.

Expenditure

A transaction resulting in the disbursement of cash.

Federal Funds

Contributions of cash or other assets from the federal government to be used or expended for a specific purpose, activity, or facility.

Fiscal Year

A 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. For example, the Government of the Virgin Islands' fiscal year begins on October 1st, in one calendar year and ends on September 30th in the ensuing calendar year.

Function

A group of related activities aimed at accomplishing a major service or regulatory program for which a government is responsible. For example, public safety is a function.

Fund

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purposes of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance

The total available amount in a fund.

General Fund

The fund used to account for all financial resources except those required to be accounted for in another fund.

General Fund Gross Revenues

General fund revenues plus contributions (transfers in) and other financing sources; before any deductions of expenses (e.g. before deductions of tax refunds, infrastructure subsidy, debt services, or amounts owed to other entities or instrumentalities), transfer outs or other financing uses.

General Fund Net Revenues

General fund revenues plus contributions (transfers in) and other financing sources less deductions for expenses such as tax refunds, infrastructure subsidy, debt services, or amounts owed to other governmental entities or instrumentalities; transfers out or other financing uses.

In-Kind

"Cost Sharing or Matching" means the value of the third party in-kind contributions and the portion of the costs of a federally assisted project or program not borne by the Federal Government.

Indirect Cost

State and local governments incur administrative costs at two (2) levels. The first is the so-called executive or central administrative level of costs such as central budgeting, accounting (comptroller), personnel (civil service), legal services, (attorney general), facilities operations and maintenance, and the motorpool (general services administrations). The second level is the operating departments or agencies (health, roads, social services, education, police, fire, etc.) and consists of the overhead costs incurred at this level (salaries and wages of the department heads and their administrative staffs, the departmental accounting and budgeting offices, etc.) Because of this layering, state and local governments prepare two types of proposals: a central service cost allocation plan and an indirect cost proposal. "Indirect Cost" is an accounting term used to describe a process of assigning (or charging) costs that are common to two or more of a grantee's projects or operations. As a general rule, the cost of building occupancy, equipment usage, procurement, personnel administration, accounting, and other overhead activities are charged to grants and contracts as indirect costs. They are not substantially different from direct costs. If one wanted to incur the time and bookkeeping expense, all indirect costs could be treated as direct. Grantees must be consistent in treating costs as direct or indirect under grants. Once a decision is made by a grantee to treat a cost either as direct or as indirect, it must be treated that way for all projects and principal activities of the organization, regardless of the source of funding. From a grantee's point of view, the determining factor for treating a cost as direct or indirect should be practicability and the potential for reimbursement as a change to an outside funding source.

Low Org

Low Orgs are levels of organization that have no sub-units reporting to it.

Net Revenues

Gross or total revenue less any deductions for expenditures (expenses).

Non-Governmental Funds

Funds generated and utilized by a semi-autonomous or autonomous instrumentality that are not managed by the Government (e.g. Hospital Revolving Funds utilized by Juan F. Luis Hospital and Schneider Regional Medical Centers).

Object

One of a group of related accounts which support in detail the summaries recorded in a budget category. The individual accounts for personnel service costs such as unclassified and part-time are examples.

Object Code

The segment of the account number that reflects the object of expenditure or source of revenue.

Objective

A task or group of tasks undertaken in order to achieve a stated goal.

Org

An abbreviation for organization. It is the level within an organization at which costs are accumulated and associated with a purpose to carry on an activity or operation, or to complete a unit of work or a specific job. For example, in the Department of Human Services, Office of the Commissioner is a Divisional Org. and Personnel and Labor Relations is an Activity Org.

Org Code

A code representing the segments of an account number.

Option

Used to provide additional management reporting, e.g., physical location, job classification, or the types of services rendered. Options may be specific to an activity center, division, or department.

Other Funds

Funds used to account for financial resources not accounted for in the General Fund. For example, the internal service fund accounts for the financing of goods or services provided by one department or agency primarily or solely to other departments or agencies of the government unit, or to other governmental units, on a cost-reimbursed basis.

Output

A description of the level of activity or effort that will be produced or provided over a period of time by a specified date, including a description of the characteristics and attributes (e.g. timeliness) established as standards in the course of conducting the activity or effort.

Performance Budget

A budget presentation that clearly links performance goals with costs for achieving targeted levels of performance. In general, a performance budget links strategic goals with related long-term and annual performance goals and with the costs of specific activities that contribute to the achievement of those goals.

Performance Goal

Sets a target level of performance that is expressed as a tangible, measurable objective, against which actual achievement can be compared, including a goal expressed as a quantitative standard, value, or rate. Performance goals can be either outcome or output goals.

Performance Measures (aka indicators, metrics)

A quantitative or qualitative characterization of performance such as an indicator, statistic, or metric used to gauge program performance.

Performance Target

A quantitative level of performance desired.

Period

A month within a fiscal year; noted by a number, 1 through 12. Also periods of SOY (Start of Year), and 13 representing the reserve or EOY (End of Year).

Prior Approval

"Prior Approval" means documentation evidencing consent prior to incurring specific cost.

Program

A plan or system involving the expenditure of resources under which action may be taken to provide public goods or services. Programs are usually the lowest level of an organization at which cost data and evaluation measures are maintained.

Program Income

Program income means gross income received by the grantee or subgrantee directly generated by a grant supported activity, or earned only as a result of the grant agreement during the grant period. "During the grant period" is the time between the effective date of the award and the ending date of the award reflected in the final financial report.

Project Code

A segment of the account number used to identify a particular capital project.

Projection

The estimated budget for the upcoming year.

Revenues

Inflows or other enhancements of resources of an organization, or a settlement of its obligations (or a combination of both), during a period from delivering and or producing goods, rendering services, or other activities that constitute the organization's ongoing or central operations.

Roll-Up Code

A code which links an account with other accounts for the purpose of calculating the available budget.

Segment

A component of an account number; for example, the fund segment.

Spending Plan

Various patterns by which revenue and budgeted expenditures are allocated across accounting periods.

Strategic Goal

Broad long-term organizational statement of desired future performance. A statement of purpose that is measurable, but not measured directly.

Strategic Management

An integrated approach for leading and managing.

Strategic Objective

Broad time-phased statement of measurable accomplishment required to realize the successful completion of a strategic goal.

Workload Efficiency Measure

A key indicator of the degree to which a program economically manages the workload associated with meeting its objective, usually expressed in terms of cost per unit of work or output.
